    	<p>Protective Functions</p> <ul style="list-style-type: none">  Multiple Circuit Protection  Over-Heat Protection  Short-Circuit Protection  Over-Voltage Protection  Over-Current Protection  Over-Charge Protection  Flame Retardant Protection 	<p>Protective Functions</p> <ul style="list-style-type: none">  Do not disassemble, puncture, drop, bend or modify  Do not shake while charging  Take off the charging devices when fully charged  Do not expose to liquids  Keep away from children  Avoid extreme temperatures  1-year warranty  Use original cable or a certified cable (such as MFi) <p> The information in this user manual may be changed without notice</p>	<p>Warranty</p> <p>PEEL Accessories comes with a one (1) year manufacturer warranty per purchase. Within one (1) year of purchase, you are eligible for one (1) free replacement per product purchased for a qualified warranty claim.</p> <ul style="list-style-type: none"> PEEL's warranty policy covers manufacturing defects on all products. Products that have been damaged due to a drop, fall, or everyday wear and tear are not included in the warranty. All warranty claims must be submitted using https://buypeel.com/pages/contact and require a photo of the product issue as well as the Order ID number. If the product was purchased on Amazon, warranty claims must be submitted on Amazon within the first thirty (30) days. After the thirty (30) day window, a warranty claim can be submitted directly to PEEL through https://buypeel.com/pages/contact. Product photo and Amazon Order ID are required. With a warranty claim has been approved, customers will be sent a discount code to cover the repurchase of the product on PEEL's online store. Discount codes must be used within ten (10) days of receiving the discount code. If a customer does not want a replacement item for their warranty claim, PEEL can only provide store credit equal to the value of the product cost at the time of purchase (shipping cost not included). 	<p>FCC Statement</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p>FCC RF exposure statement: The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.</p>
