

## Products Map

## How to operate

--Turn on power button ON the transmitter and receiver.

The Led indicator status of transmitter will turn to blue color, But The Led status of receiver will still no light up

---Press on the pair button of the receiver, And the Led indicator status will turn to green. Then it will be paired automatically.

Please no worried that led color is different when unit (receiver and transmitter) is paired.

--Connect the transmitter to your instrument output (like guitar etc), and connect the receiver to the unit where you want to send the signal (amplifier,pedal,audio interface etc)

--Please turn off the power button of unit ( Both the transmitter and receiver ) and put the them back to the power case each time after you use it.

## Charging function

- If the unit's battery is running low, The led indicator of unit (both receiver and Transmitter) will flash green.

-You can charge the wireless units directly by using the Micro-B USB Y cable (included)

-When unit is fully charged, the charging function will be shut down automatically. The Led indicator of the unit will turn off when them fully charged.

## Pair Mode (One Transmitter and multiple receiver)

*When using a transmitter, You can use multiple receivers*

-- Turn on the power button of transmitter. Press the Pair button of the receiver, Then

the led indicator of receiver turn to green

-- Press and hold the pair button of transmitter 2-3 seconds, Then the Led indicator Will flash a while and start to the pair mode. The led indicator of Transmitter will turn to blue (No Flash) after 25 seconds, Then Pair mode is completed.

*Note: The Led indicator of transmitter will only flash 25 seconds, So Please completed this step within 25 seconds.*

## Notice

To recharge the power case, Please make sure that your power adapter has a power output of 5V and 1A (or higher)

## Specifications

- UHFoperating frequency
- Low latency signal transmitting, Less than 5ms
- Frequency response 20HZ-18 Khz
- Transmitter and receiver:3.7v/700mAh
- Battery run time 8 hours (approx)
- Range: 30-50 M (Empty environment )

**Note:** Actual range is dependent on RF environment, including reflections, interference and absorption

For any question, Please mail us [CS@kawlita.com](mailto:CS@kawlita.com), Wewill reply you as soon as possible .

## **What's in box**

1. Receiver x 1  
Transmitter X 1
2. Micro-B USB Y cable
3. User manual

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction
