

Rhino Antennae Information

PHYZ-001

Transmitter Antennae Information

Parameter	Rating
Manufacturer	PulseLarsen
Model Number	W1900
Gain	1 dBi
Antennae Type	Monopole

Antennae used is W1900 - this a standard SMA antennae. This application is deployed in mine drilling rigs and has very specific mounting requirements as evidenced by mounting brackets on the units. Also these are data collection units setup and managed by trained field personnel and not by end users.

Changelog

0.3 Removed Receiver Antennae Information per review comment.
