Applicant: Adyen N.V.

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: 2A7UQ-NYC1 originally granted on 01/09/2023 (date).

When the Bluetooth antenna is changed from the original ceramic antenna to the FPC antenna, the gain value is changed, and only the omnidirectional equivalent radiated power transmitted by Bluetooth is changed

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,
