| Power Input (Icicle Light) | 24VDC 2A |
| Length | 32.8ft*2 |
| Waterproof Rating | String Light: IP65 Control Box: IP65 |
| Light Displaying Technology | RGBIC |

## Troubleshooting

❶ The light does not work or some part isn't lighting up.
a. Check whether the adapter is working properly.
b. Make sure you have connected the wire connectors between the lights.
c. Long press the control box for more than 5 seconds to reset the whole light.

❷ Cannot connect to Wi-Fi.
a. Do not skip the Wi-Fi connection steps in the app.
b. Make sure your home Wi-Fi is 2.4Ghz and your smartphone's Bluetooth is on.
c. Long press the control box for more than 5 seconds to reset the whole light. Unpair the light first and then pair it again.
d. Connect your smartphone to Wi-Fi and check whether the network is working.
e. Make sure you have entered the correct Wi-Fi name and password.
f. If the light is too far from the Wi-Fi router, bring the control box close, and then reconnect it to the network.
g. Check if there are too many devices connected to the network. If so, change to another network.

❸ For other issues
a. For any other issues, please contact the Govee Support Team.

## FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil nedoit pas produire de brouillage, et .
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.
These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
● Reorient or relocate the receiving antenna.
● Increase the separation between the equipment and receiver.
● Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
● Consult the dealer or an experienced radio/TV technician for help.

This Class B digital apparatus complies with Canadian ICES-005.
Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

## FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.

① Light source
② adapter

The product is divided into two parts: (1) a light source and (2) an adapter. By detaching the output terminal of the adapter, you can easily remove the light source or the adapter.

## Pairing Your Light with Govee Home App:

**What You Need**

- A Wi-Fi router supporting 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.
- A smart phone or tablet running iOS8.0 and above or Android4.3 and above.

❶ Download Govee Home App from the App Store (iOS devices) or Google Play (Android devices).
❷ Turn on your smartphone's Bluetooth.
❸ Open the app, tap the "+" icon in the top right corner and search for "H70D2".
❹ Tap the device icon and follow the on-screen instructions to complete pairing.

## Voice Control:

❶ Open the app, then tap the "Device" icon to enter the details page.
❷ Tap the "Settings" icon in the top right corner.
❸ Select "UserGuide" and follow the on-screen instructions to control the device with your voice.

## Installing Your Device:

Clips              Zip Ties

Before installation, power on the icicle light and make sure every lamp bead works properly. Find and unwind the thicker main cable, and then unfasten all the icicle light strings.
**I. Install with clips**

The recommended distance between clips is 14 inches (35 cm).

**Install the clips horizontally under an eave or soffit.**
**Step 1**
It is recommended to place the clips along the main cable at every third white-colored icicle light string connector.

**Step 2**
Slide the clips under roof shingles.

**Install the clips vertically onto a gutter.**

**Step 1**
Hang the icicle light's main cable from the hook on each clip.
