

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission
Test Setup**

**Radiation Emission Test
Setup (Below 30MHz)**

<p>Radiation Emission Test Setup (30MHz to 1GHz)</p>	A photograph of a radiation emission test chamber. The walls are lined with white, square-shaped electromagnetic absorbers. In the center, a white, rectangular test table is positioned on a circular turntable. Several vertical metal poles are visible in the foreground, likely for mounting antennas or sensors. The floor is a light-colored concrete with yellow safety lines.
<p>Radiation Emission Test Setup (1GHz to 18GHz)</p>	A photograph of a radiation emission test chamber. The walls are lined with white, square-shaped electromagnetic absorbers. In the center, a white, rectangular test table is positioned on a circular turntable. A small, rectangular object is placed on the table. A red antenna is visible in the foreground, pointing towards the test object. The floor is a light-colored concrete with yellow safety lines.

Radiation Emission Test Setup (Above 18GHz)
