

User's Manual

Applicant:	Huizhou Rongxincheng Electronic Co., Ltd.			Model:	RXC-918
Product Name:	Remote Controller			Number of Keys:	2 PCS
Voltage:	3Vdc	Current:	4~5mA	TX Distance:	100m
Environment:	Indoor	Frequency:	433.92MHz	Frequency Offset:	-50kHz/+30kHz

1. Press the button and the lamp with the 433.92MHz receiver chip will light up.
2. Press the button and the lamp with the 433.92MHz receiver chip is turned off. Note: this Wireless Remote Controller can only be used if the manufacturer matches the lamp with the corresponding 433.92MHz receiver chip.

Federal Communications Commission Notice:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Industrie Canada (IC):

Le présent appareil est conforme aux CNR d'Industrie Canada applicablesaux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.AVIS

RELATIFS À L'EXPOSITION RF

Le dispositif a été évalué et homologué comme répondant aux exigences d'exposition RF

Le dispositif peut être utilisé en tant que dispositif portatif sans restriction.
