

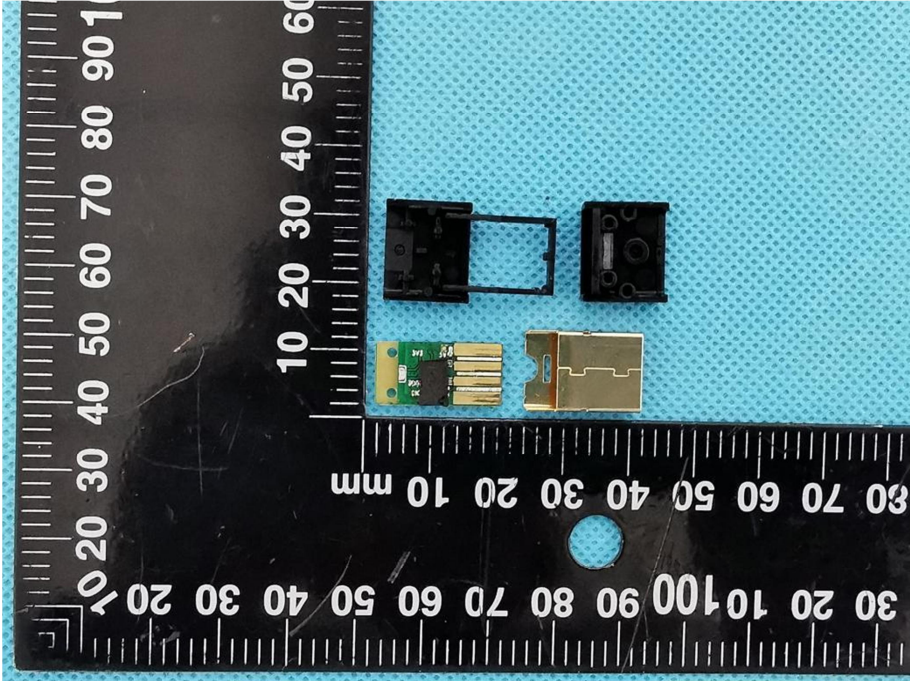

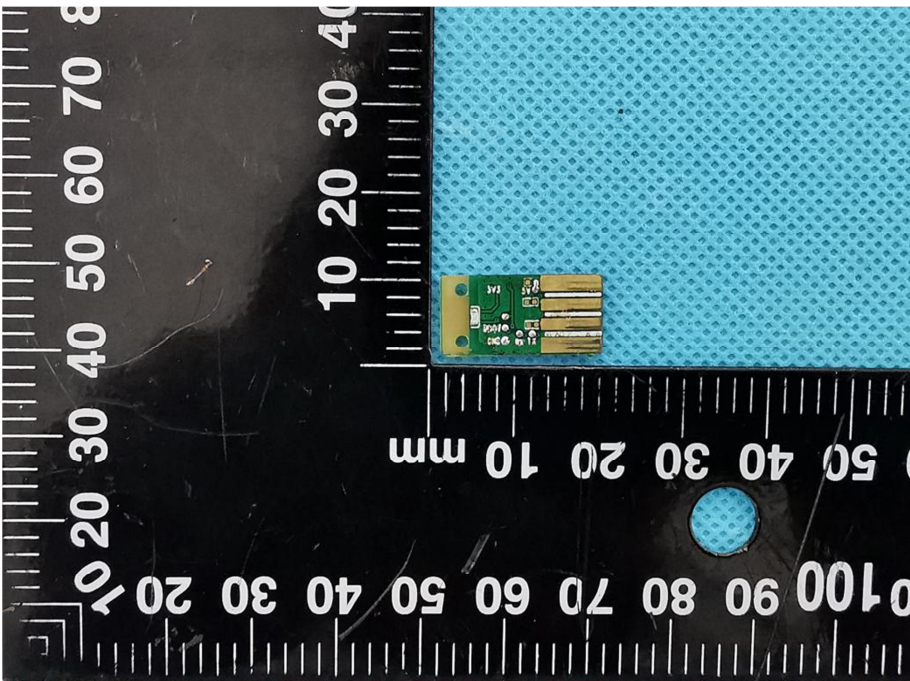

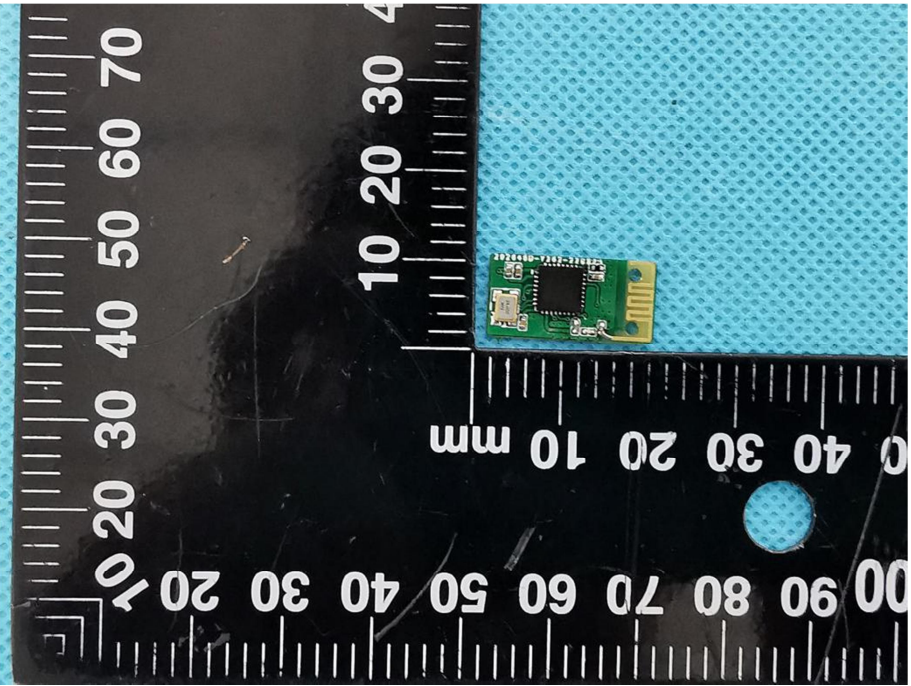

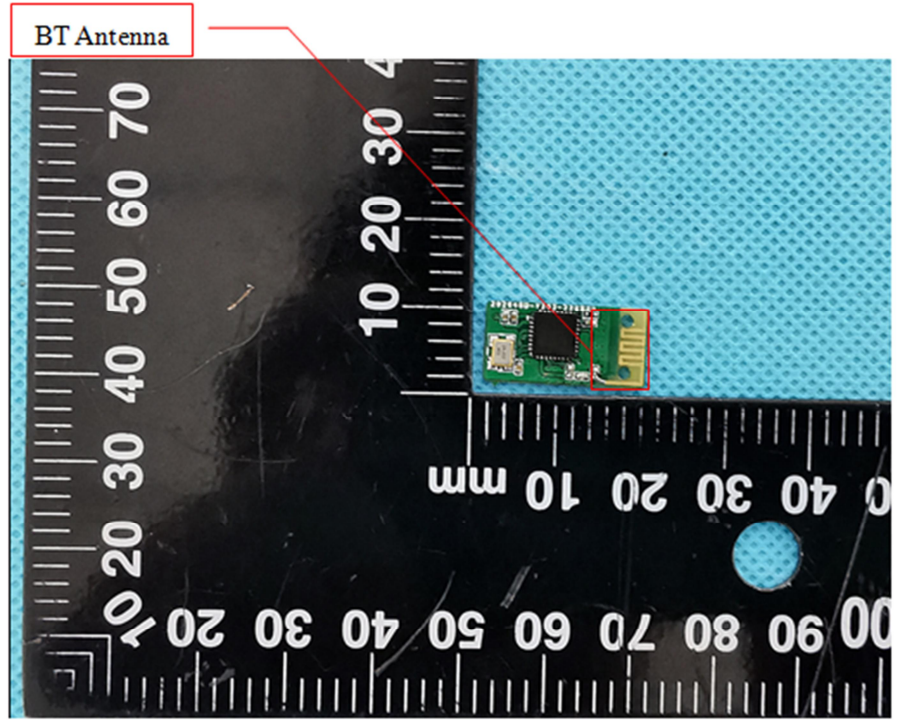

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>This photograph shows the internal components of the EUT housing. On the left is a black plastic housing. To its right, on a blue textured surface, are two black plastic components, a green printed circuit board (PCB) with gold contacts, and a gold-colored metal component. A black ruler with white markings is positioned below the components, showing measurements in millimeters.</p>
<p>Solder Board-Component View 1</p>	 <p>This photograph is a close-up view of the soldered board component. It shows a green PCB with gold contacts and a gold-colored metal component. A black ruler with white markings is positioned below the component, showing measurements in millimeters.</p>

<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph showing a small green printed circuit board (PCB) component mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 15 mm. The component has a gold-colored antenna structure on one side.</p>
<p style="text-align: center;">Antenna View</p>	 <p>A photograph showing the same green PCB component as in the previous view, but with a red box highlighting the antenna structure. A red line points from the text "BT Antenna" in a red box to the antenna structure. The ruler and blue textured surface are also visible.</p>
