

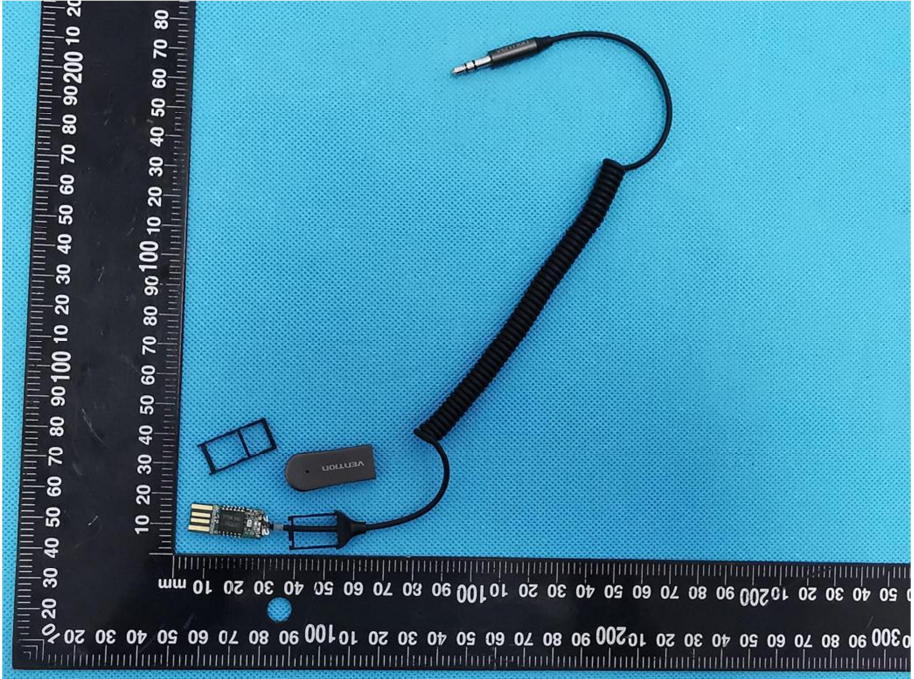

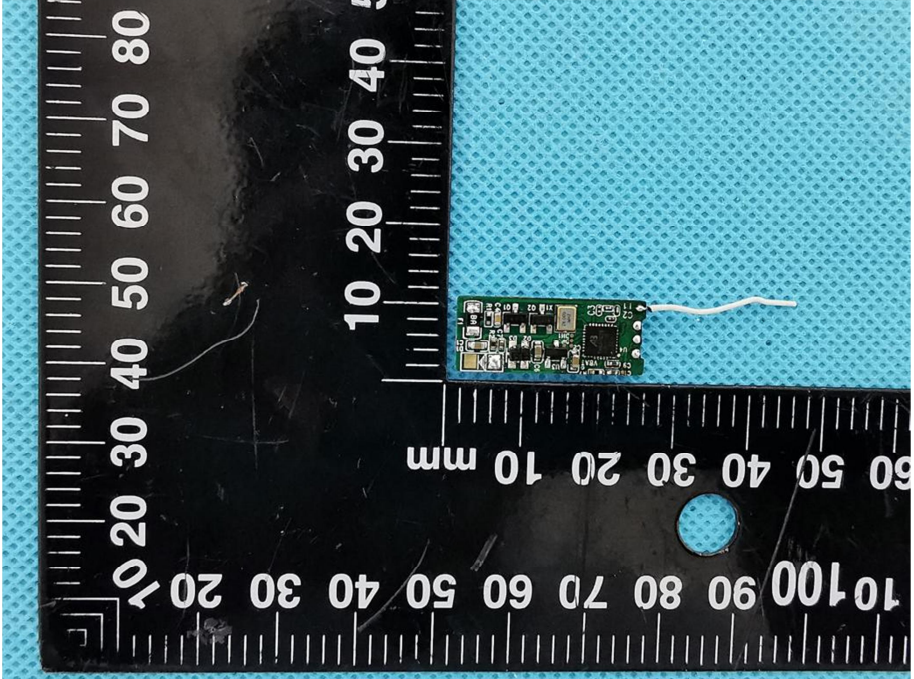

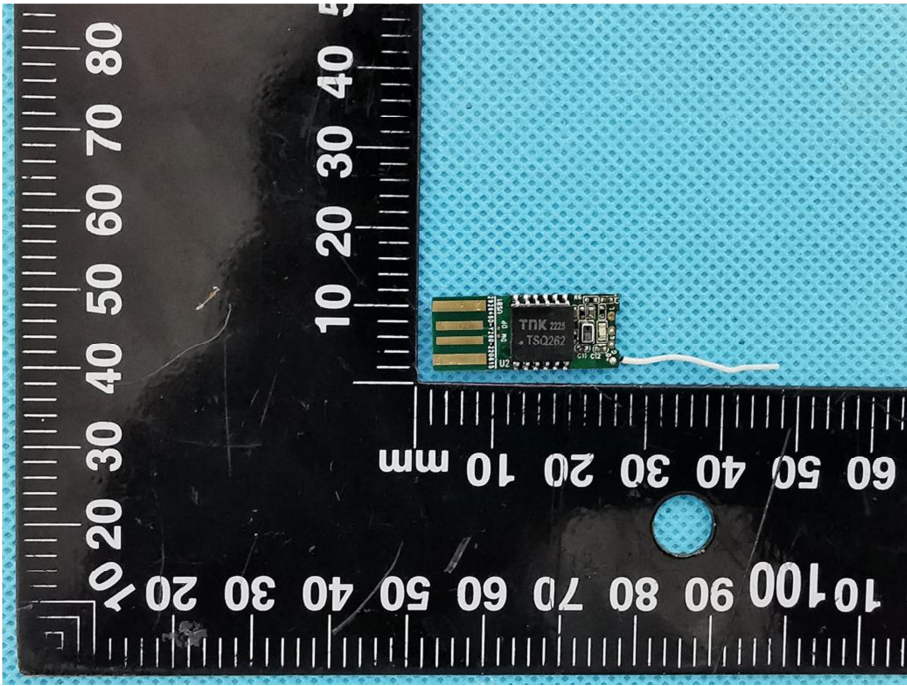

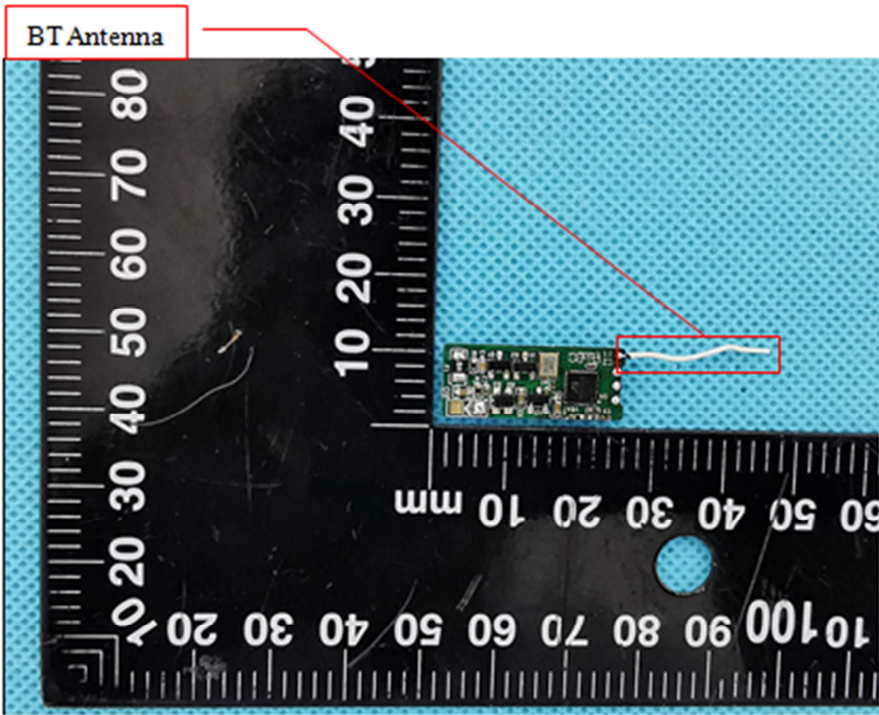

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 <p>A photograph showing various electronic components and a cable on a blue textured surface. A black ruler is placed vertically on the left side, with markings from 0 to 100 mm. The components include a small green PCB with a USB connector, a black rectangular component labeled 'VERTON', a small metal component, and a black braided cable with a silver connector. A circular hole is visible in the ruler at approximately 80 mm.</p>
<p><b>Solder Board-Component View 1</b></p>	 <p>A close-up photograph of a small green PCB component soldered to a black surface. A black ruler is placed vertically on the left side, with markings from 0 to 100 mm. The component is a small green PCB with various components and a white wire. A circular hole is visible in the ruler at approximately 80 mm.</p>

<p style="text-align: center;"><b>Solder Board-Component View</b> 2</p>	 <p>A photograph showing a small green PCB component mounted on a blue perforated board. A black ruler with white markings is placed below the component for scale. The component has a white wire soldered to it. The ruler shows markings from 0 to 100 mm.</p>
<p style="text-align: center;"><b>Antenna View</b></p>	 <p>A photograph similar to the one above, but with a red box highlighting the white wire on the component. A red line points from a label 'BT Antenna' in a white box to the wire. The ruler and blue board are also visible.</p>
