RE: FCC Permissive II Change Request for Company: Visir Inc. FCC ID: 2A7ZZ-2G-00

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Visir Inc., product description: Thermal Imaging Binoculars (FCC: **2A7ZZ-2G-00**, Original Grant Date: 08/05/2022). The transmitter module itself has not changed. Here is the change:

1. Changed the movement board and lens size (see image below), so retest EMC and SAR differential tests.

| | Movement Board |
|-----|--|
| A6R |  |
| A3R |  |

2. Changed model name to “AURORA A6R”.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.
