Description of Permissive Change

Date: 2023-08-02

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: 2A82RMARK3
(Original approval date: 02/14/2023)

Applicant: Arable Labs, Inc.

Dear Examiner,

This is to request a Class II permissive change for FCC ID: 2A82RMARK3, originally granted on 02/14/2023.

The major change filed under this application add BT Antenna, the Type and Gain all same as original, and the External Antenna of BT modify N Plug Connector to RP-N Connector, the rubber boot to plastic circle and Antenna installation guiding sign different on the outward appearance. (Antenna it has the new model name)

And the other modify is for WWAN Antenna, there is only Antenna installation guiding sign different on the outward appearance and the rubber boot to plastic circle. And due to above reason has the new model's name. The other all same as original (Include Gain and Type) and want to upload on the FCC website.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

Ron Butterworth
