<input type="checkbox"/> Short Term	-----	Test Setup Photos
<input type="checkbox"/> Short Term	<input type="checkbox"/> Permanent	User's Manual

Aerostar International LLC has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Aerostar International LLC requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public. The HiPointer 100 Radar systems are installed in secure locations that are not accessible to the general public (e.g. secured tower locations and maritime ships). The HiPointer 100 is only serviceable by Aerostar field service representatives. All sales for these devices are performed under a NDA restricting the disclosure of the propriety information, including internal photos.

Sincerely,

Jim Nelson

President

Aerostar International, LLC
