SAFETY PRECAUTIONS

Read all the instructions before using the product.

- 1. To reduce the risk of injury, close supervision is necessary when the product is used near children.
- 2. Do not expose the device to any moisture.
- 3. Do not use the device in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury.
- 4. Do not use the device if damaged or modified. Damaged or modified device may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- 5. Do not disassemble the device. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire
- 6. Do not expose the device to fire or excessive temperature. Exposure to extreme heat may cause explosion.
- 7. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained. 8. This device is not a toy.
- 9. Do not overcharge Phone. Unit may get hot with excessive use. Remove Phone when it is fully charged. Never charge for more than 7 hours at a time.

SAFETY PRECAUTIONS

10. Attachments on the back of your phone can impede the effectiveness of the wireless charger, and lead to overheating. Please remove attachments from the phone before charging on this device.

WARNING:

CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE COULD VOID THE USER'S AUTHORITY TO **OPERATE THE EQUIPMENT.**

MADE IN CHINA

This device complies with Part 15 of the FCC Rules. Operation is subject to the following

(1)This device may not cause harmful interference.

(2)This device may not cause harmful interference received, including interference that may cause undesired operation.

cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequence energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Consistent the equipment into an autlet on a circuit different from that to which the
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement, This equipment should be installed and operated with a minumum distance of 20 cm between the radiator and your body.
