

<p style="text-align: center;"><b>Solder Board-Component View 4</b></p>	 A photograph showing a complex metal component with a gold-colored handle and a silver-colored base with several holes. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 100 mm.
<p style="text-align: center;"><b>Solder Board-Component View 5</b></p>	 A photograph showing a small white rectangular component with a multi-colored cable (red, yellow, green, blue) attached to it. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 30 mm.

<p style="text-align: center;"><b>Solder Board-Component View 6</b></p>	 <p>A photograph showing a small, rectangular, light blue component with a multi-colored ribbon cable attached. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10mm and 30mm marks.</p>
<p style="text-align: center;"><b>Antenna View</b></p>	 <p>A photograph of a white printed circuit board (PCB) with various electronic components. A red box highlights a specific component on the board, which is labeled "2.4GHz Antenna" in a red-bordered text box. A red line points from the text box to the highlighted component. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board positioned between the 10mm and 100mm marks.</p>
