Ref: FCC Class II Permissive change for FCC ID: 2A8LTNH0001

Applicant: Honeywell International Inc

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: 2A8LTNH0001 originally granted on 11/20/2023 (date).

The change under this application is as follows:

1. Compared to the existing model CSHUB3WHI, the new model CSHUB5WHI only swaps out one flash chip for another flash chip with a larger memory size – from 8MB to the larger 16MB. This is a pin-to-pin change. Both flash chips are from the same company and the same product series.
