Re: Exclusion from SAR Testing

Dear Examiner,

This Class 2 Permissive Change request applies for FCC ID: **2A8XU-G40SC**. This application by Lilitab LLC to include model G40SC-L & G40SC-C for the mentioned FCC ID. The only difference between the two models is the USB type for powering and data transfer between the module and the tablet. The device has been deemed to not require SAR testing per the FCC in the KDB listed in the confidential filing.

Best regards,
