WEST & ARROW

WHAT'S IN THE BOX?

In the box:
- 2 pack RGBIC Light Bars
- USB Cable with Controller Box
- 2 Baseplates
- User Manual

USING THE LIGHT BARS

- The light bars come preconnected to each other and to the main controller box. Plug the USB connector into any 5V powered USB port or USB power adapter.
- Set them into their base plates to stand up on the right and left sides of your TV or monitor.
- The light bars can be used facing you, or can be turned around to reflect off the wall behind your TV.
- Download the "Symphony Light" app from your app store to connect and control your light bars.

1 DOWNLOAD APP

Symphony Light

Download from the App Store

Download from on Google Play

Symphony Light

Android: Download "Symphony Light" app on Google Play.
Iphone: Download "Symphony Light" app from the App Store.

2 ADDING A DEVICE

In the app, tap the 3 lines in the upper left corner to select the "West & Arrow Light Bars" device.

BACK

3 COLOR PALETTE INTERFACE

Select solid colors using the color wheel and adjust brightness with the slider.

4 MODE INTERFACE

Choose from hundreds of dynamic light scenes and adjust the speed of the animations.

5 MICROPHONE INTERFACE

Use this mode to enable the sound reactive feature from any sounds your phone hears, including music streaming services.

Note: The sound reactive light show depends on the volume and distance of the music from the control box.

7 TIMING MODE INTERFACE

Set a schedule for the lights to automatically turn on and off.

6 MUSIC CONTROL INTERFACE

Select from music stored on your phone and the lights will dance to the beat.

Note: For streaming music use the "Mic" mode.

WARNING

To assure continued compliance, any changes or modifications not expressly approved by the party. Responsible for compliance could void the user's authority to operate this equipment.

FCC STATEMENT

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

NEED HELP? EMAIL US:
support@westandarrow.com

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

TECHNICAL SUPPORT:

Please do not attempt to fix the product by yourself. If you are experiencing any problems with the product, please do not return it to the store you bought it from. You can contact our technical support representatives and they will assist you with any questions you might have. For assistance operating your product, please consult the User's Manual first, then feel free to contact support@westandarrow.com
