

Power Friend™

Solar Rechargeable Battery Bank

Product Features

Safety: Power Friend™ has multiple safeguard technologies to provide over-charge, over-discharge, high temperature, and short circuit protection in all working conditions.

Features

The 20000 mAh Power Friend™ Solar Rechargeable Battery Bank is a high-capacity portable charging station with many features and functions.

Wireless charging

Place device over top of charging circle.
Use the clear phone strap to hold device in place.

Power Friend™ automatically detects wireless charging enabled devices.

Power indicator button/Flash light

The Power Check button is not a Power button. Power Friend™ automatically detects charging and discharging.

Power level is shown above device charging port

Press and Hold for 1 second to display battery level
Press and Hold for 2 second to turn on/off LED Flash Light

Charging port

Make sure to charge the device fully before its first use.

Use the provided USB cable to charge the power bank.

Battery Type	Li-Polymer Battery
Output/Input	5V/3A
Output Mode	Charging cords USB, Thunderbolt (apple), USB-C, Micro USB+Wireless
Input Mode	USB + Type-c + Solar
Battery	20000 mAh

Solar Panels

Unfold solar panels from device and lay flat.
Allow sun to charge the device.

> This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

> CAN ICES-3 (B) / NMB-3 (B)

This Class B digital apparatus complies with Canadian ICES-003.(Cet appareil numérique de la Classe B conforme à la norme NMB-003 du Canada).

> This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Exposure Warning Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.

>This device contains licence-exempt transmitter (s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radio Frequency Exposure Statement for IC:

This equipment complies with IC exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.

Déclaration d'exposition aux radiofréquences pour IC:

Cet équipement est conforme aux limites d'exposition IC établies pour un environnement non contrôlé. Cet équipement peut être utilisé dans des conditions d'exposition portables.

Warning

- To avoid possible harm to your safety and property, use the product as it was intended and in accordance with the following requirements.
- If the device becomes swollen, deformed, begins to leak or has significantly reduced capacity, please stop using immediately and dispose of it properly.
- Do not disassemble, open, crush, puncture, short circuit, submerge in liquid, or expose to extreme temperatures.
- Improper use may result in battery failure, fire, overheating, and personal injury.
- Unplug the device cord after fully charging or discharging to prevent damage to the device.
- While charging and discharging ensure the device is not covered by clothing, pillows, bedding or other items to reduce overheating.
- This product is not a toy. Please keep out of reach of children.

RISK GROUP 2

CAUTION
UV emitted from this product. Eye or skin irritation may result from exposure. Use appropriate shielding.

CAUTION
Possibly hazardous optical radiation emitted from this product. Do not stare at operating lamp. May be harmful to the eyes.

CAUTION
IR emitted from this product. Avoid eye exposure. Use appropriate shielding or eye protection.
