### 产品信息

名称:	CG遥控器Pro
P/N:	MSFP0089
产品尺寸:	65.7*26.8*18.9mm
材质:	PC+GF10%
接口:	Type-C
工作频率:	2400 - 2483.5MHz
电池:	3.7V 300mah
充电:	5V - 0.5A

## Introduce

Charging indicator --- Button light

Charging indicator  
Red: Charging  
Green: full charge

Button light  
Blue: Click

Answer/Left Return/OK Ring off/Right

## Function Introduction

### Link

The application operation control can be carried out through the remote control on the screen projection pages of Carplay, Auto, and Hicar.

### Video

When in the recording screen, you can switch between camera preview, lock the video, and take photos.

### Bluetooth

When in Bluetooth mode, briefly press the left and right buttons to switch songs, and the middle button can play/pause.

### Any state

Under any screen, you can long press to switch to the homepage, screen projection camera screen, and short press to control incoming and outgoing calls.

\*The projection control supports Carplay, Auto, Hicar, and Bluetooth modes.

## pairing

1.Go to System Settings - Devices - Remote Control - Click on 'Pair'

2.Short press any button on the remote control (the blue indicator light on the remote control flashes quickly) and wait for AIO-5 to display "paired"

⚠ If pairing timeout occurs, please repeat the above operation

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
