Enable all the notifications for the ease of use

BLUETOOTH CALLING FUNCTION

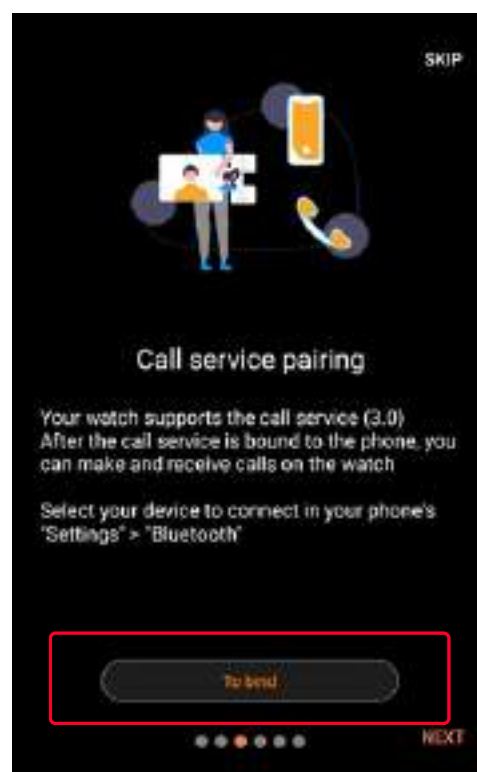

This watch comes with a special feature of Bluetooth calling. The user can make calls without having to open the phone. You can also view the call history of the watch. You need to keep the connection between the watch and the phone stable when using the Phone Call function.

The watch also has a microphone and a speaker built in for the ease of talking through the watch and to hear music, phone calls, and other notifications

Follow the steps to activate the calling function and much more.

Part A - How to connect

- **Step 1:** After connecting the watch to the Co Fit App, you will get a notification on the phone to connect to BT Calling as shown below. Tap on "To Bind"

- **Step 2:** Go to the watch and swipe left to the features page and locate the phone function

- After successfully connecting the bluetooth you will get this screen.

- Upon clicking on the Recent Call you can see the recent calls of your device

- Once you dial the number the call button on the right corner shall appear.

- You click the dial button, you can see that the number is dialling

- Through the microphone available in the watch **you can talk through the watch and adjust the speaker volume by clicking on the speaker icon**

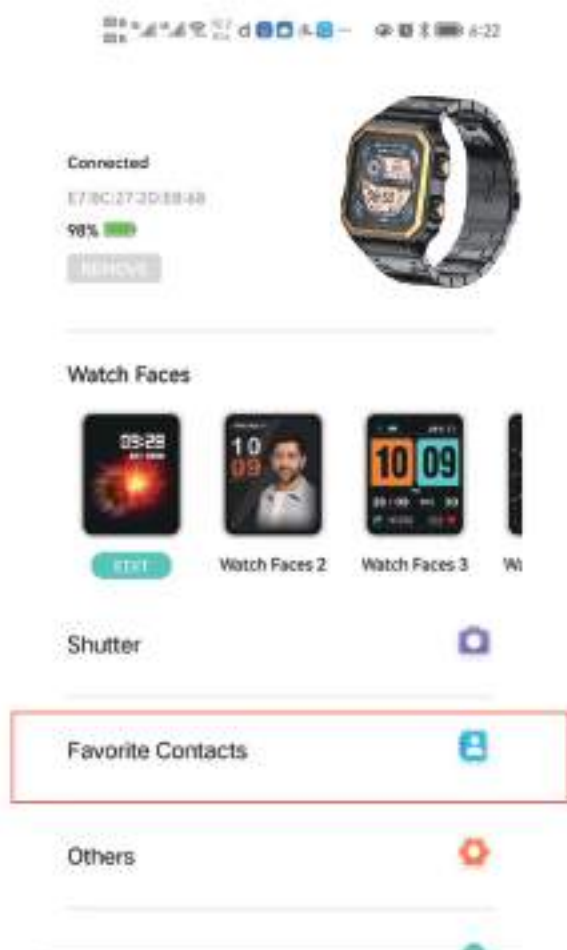

Part B - How to disconnect

To disconnect the bluetooth calling the user simply has to go to the phone's bluetooth setting and "unpair" the FireBolt 174 device

Part C - Add contacts

- You can add upto 20 contacts - Add the contacts from the Dafit App. Go to "Favourite Contacts" and add contacts. The selected contacts will get synced to your watch.

Click on Favorite Contact to add the contacts

Select the contacts you want to add

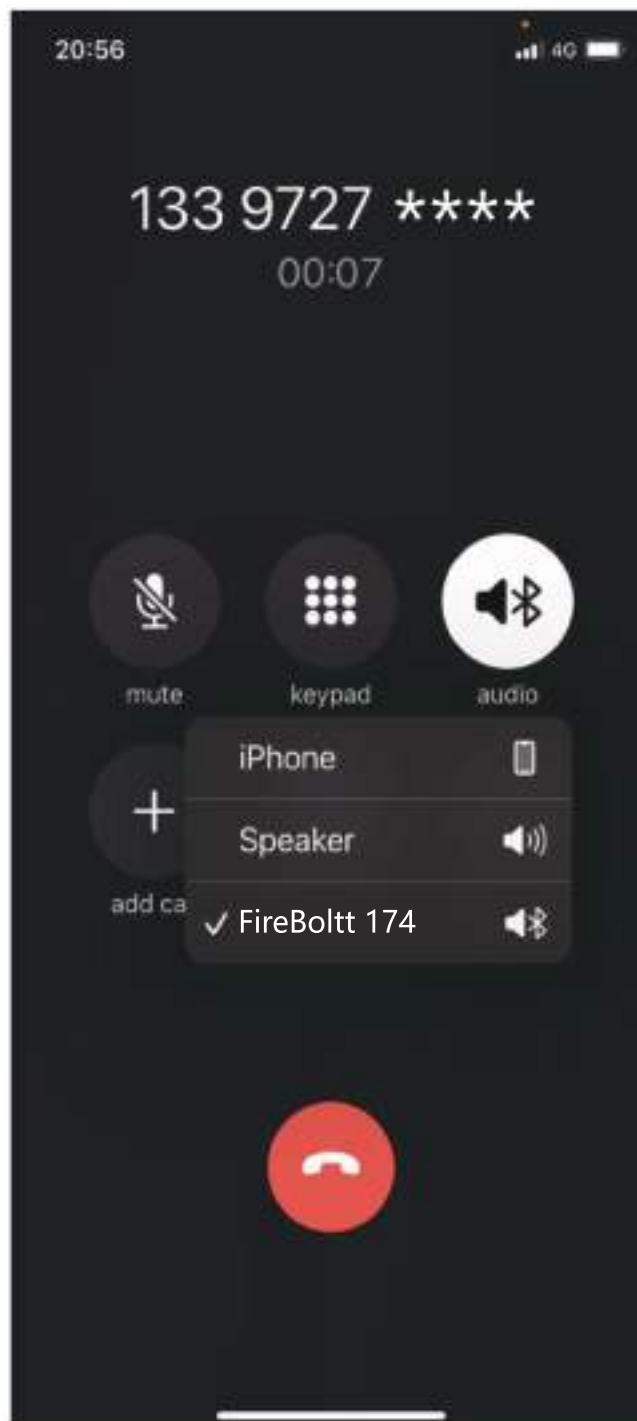

The contacts will get added.

Battery

- The battery lasts for 3 to 4 days with bluetooth calling mode enabled.
- On standby the battery can stay for as long as 7- 8 days.
- Advisory- To conserve battery, It is advised to turn off the bluetooth when not in use.
- Charge the watch with an adapter within 3.7V to 5V

Part D - Switch Between Phone / Watch

Switch Between Watch / Phone During an Active Call : If your watch is connected to the Phone via Bluetooth, all calls will come on the watch by default. If you want to change the call to the phone, during an active call, simply click on **Handset earpiece** icon to select it. The call will then come on your phone.
