

Complete Antenna specification of non-stop MAX project

Radio Frequency: He Lei

Date: 2022-11-25

Contact: 15767667652

Antenna model:MAX41WIFI

Antenna Manufacturer:Yusheng Communication-equipment Co.,LTD

Manufacturer address:407-411, Floor 4, Building 2, Nantaiyun Chuanggu Park,
Southeast of the intersection of Guangming Avenue and Dongchang Road,
Guangming District, Shenzhen

Project development environment

We are moving from the Internet era to the smart era, and the country is building a digital society and smart cities. In the next 5-10 years, both the consumer electronics market and the Internet of Things market have huge development potential. The field of wireless communication is very diversified. In the future, Yu Sheng will strive to provide customers with professional product solutions with market competitiveness by relying on the customer platform advantages of the main antenna industry and its own comprehensive strength.

Yusheng's products cover almost all antenna applications of wireless terminal equipment, including automobile antenna, high-precision surveying and mapping antenna, UAV ground and satellite data navigation, high-precision positioning antenna, wireless transmission of medical equipment, consumer antenna (mobile phone antenna, PAD antenna, laptop antenna), base station/indoor distribution antenna, etc. Smart wearable antenna (smart watch, TWS headset), security home antenna and a variety of wireless data transmission and wireless control of smart device antenna

Introduction to project
debugging

MVA	MAIN			
Frequency band and antenna material	main antenna	Band		IPS
		WIFI	2. 4G-2. 5G	Exteral
			5. 1G-5. 8G	
performance requirement	Execute according to customer requirements
