Address: 301-305, Building 6, Vanke Xinghuo, Bantian Street, Longgang District, Shenzhen

**Dear users,**  
Hello!

Thank you very much for your use. It is our duty to provide you with high-quality products and after-sales service to fully protect your consumer rights and interests. Therefore, our company implements the following standard service terms according to relevant national regulations.

1. **Warranty Service:** Users can go to the local after-sales service center to enjoy the replacement service provided by our company 15 days after purchase

2. **No warranty service will be provided if the damage is caused by the following circumstances.**

(1) The original serial number label of the product is altered, replaced or torn, or the product model and number on the warranty certificate are inconsistent with the product without serial number;

(2) Products beyond the shelf life;

(3) Abnormal use of products leads to appearance damage;

(4) The outer packaging part and the enclosed gifts, the services beyond the products promised by the sales staff and the additional configuration and gifts;

(5) Performance damage caused by improper storage, such as products exposed to abnormal working temperature and temperature environment for a long time;

(6) Without following the operation instructions, it is considered that the product is damaged due to abuse and misuse;

3. Please take good care of the warranty card and valid shopping voucher, as the necessary documents for the warranty period. Please do not modify the contents without authorization, otherwise it will be deemed invalid.

4. The Company reserves the right to interpret the regulations on after-sales service of the products.

**Parameter Specifications**

| Name of Product       | T3B/T4B/T8/T8pro/T9               |
|-----------------------|-----------------------------------|
| Main Functions        | Drawing, writing, painting        |
| Material of product   | Aluminum Alloy                    |
| Size of product       | Tip 1.2" diameter 9" length 165mm |
| Charge time           | 40 minutes                        |
| Capacity of battery   | 150mAh                            |
| Voltage of charge     | 5V                                |
| Current of charge     | 0.2A                              |
| Current of operation  | 18mA                              |
| Duration of use       | About 9 hours                     |
| Net weight of product | About 16 g                        |

**FCC Warning:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
