## 3 IN 1 Foldable Stand Magnetic Wireless Charger M1106Q

Notice: To ensure charging 3 devices safely and efficiently, you must use 5V/3A adapter and quick charge cable, if including 15W fast charging phones, you must use 9V/3A or 12V/2A adapter and quick charge cable (if not use the appropriate adapter and quick charge cable, the charger may not charge phone fast, or may not charge 3 devices simultaneously, or may even damage the charger.)

### Product Introduction

The 3-in-1 wireless charger stand, a compact charging house, powered from only one outlet, can charge 3 devices simultaneously. When charge your mobile phone, apple watches, and your Air Pods 2 or AirPods Pro or some other TWS, just put them on, wireless charging will automatically start. It can be used as mobile phone bracket as well, mobile phone bracket 90 degree free adjustment. All this will make your desk clean and tidy and make your life easier.

### Product Appearance

### Operation Steps

1. Connect the charger to a 5V/3A, 9V/3A adapter through a type-C quick charge cable to switch on the power;
2. Put your phone on and charge;
3. Put the apple watch on and suck it up to charge
4. Put your earphone case on and charge.

### LED indicator instructions

The blue LED light ① will keep on and turn off after 10 seconds when the wireless charging is in standby mode. When charging the phone wirelessly, the blue LED indicator light ① will keep on and turn off after 10 seconds.

When charging the TWS earphone case wirelessly, the blue LED indicator light ① will keep on and turn off after 10 seconds.

Note: If the blue LED indicator light ① is flashing BLUE, an unknown object is being detected between the wireless charging pad by FOD (Foreign Object Detection). The device will not begin to charge until object is removed.
