

## User Information

### Manual

Teal Drones will provide the following information in either printed or electronic form.

**CAUTION:** The model 50247 Bluetooth Module may only be installed in Teal Drones drones.

**CAUTION:** The final drone with the 50247 Bluetooth Module installed must be tested on it's own to meet the requirements of FCC Part 15 Subpart B for Unintentional Emissions.

**CAUTION:** The antenna used with the 50247 Bluetooth Module must be the ANT-2.4-FPC-LV Series antenna that was used in the certification of the 50247 Bluetooth Module.'

**CAUTION:** The final drone with the 30247 Bluetooth Module installed must be evaluated for RF Exposure Considerations and any collocation of antenna's must be evaluated.

**CAUTION:** The final drone with the 50247 Bluetooth Module must be separately certified for drone use to any applicable FCC or FAA certifications.

### FCC

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions.

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generated, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operations of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

## ISED Canada

### CAN ICES-3 (A) / NMB-3 (A)

This device complies with ISED Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

### CAN ICES-3 (A) / NMB-3 (A)

Le présent appareil est conforme aux CNR d'ISDE Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

## RF Exposure Warning

The antennas used for this transmitter must be installed to provide a separation distance of at least 2 cm from all persons and must not be located or operating in conjunction with any other antenna or transmitter.

Les antennes utilisées pour ce transmetteur doivent être installé en considérant une distance de séparation de toute personnes d'au moins 2 cm et ne doivent pas être localisé ou utiliser en conflit avec tout autre antenne ou transmetteur.

## Label

Teal Drones will have the following information on the outside label of the system.

**Contains FCC ID: 2A9Z7-TD000**
