

# Guía Rápida Quick Start

**V.40R**

IMPORTANTE: POR FAVOR LEER ESTA GUÍA ANTES DE  
UTILIZAR EL PRODUCTO.  
IMPORTANT: PLEASE READ THIS GUIDE BEFORE YOU  
USE THIS PRODUCT.

## ENCENDER/APAGAR • POWER ON/OFF

Vaya a Configuración y seleccione Conexiones inalámbricas y Redes. Seleccione WiFi y enciéndalo para ver las redes disponibles. Para conectarse seleccione una red y escriba la contraseña si es necesario.

*Go to Settings and select Wireless & Networks. Select WiFi and turn it on. The phone scans for available WiFi networks and displays the names of those it finds. Touch a network name to see more details or connect to it, and type a password if necessary.*

## COMUNICACIÓN INMEDIATA • PUSH TO TALK (PTT)

Con la integración de una aplicación PTT (depende del operador celular) y presionando el botón asignado en la parte izquierda del teléfono, podrás aprovechar la comunicación inmediata con tus contactos.

*Using a PTT application (depending on the cellular operator) and pressing the button assigned on the left side of the phone, you can take advantage of immediate communication with your contacts.*

## ESPECIFICACIONES ELÉCTRICAS • ELECTRICAL SPECS

Marca: V.  
Número de Modelo: V1003  
Teléfono: 3.8 Vcc  
Batería de Litio: 3.8 Vcc, 2000 mAh  
Cargador ca/cc:  
Entrada: 100-240 Vca, 200 mA, 50/60 Hz  
Salida: 5.0 Vcc, 1000 mA

Brand: V.  
Model Number: V1003  
Telephone: 3.8 Vcc  
Lithium Ion battery: 3.8 Vdc, 2000 mAh  
Charger ac/dc:  
Input: 100-240 Vac, 200 mA, 50/60 Hz  
Output: 5.0 Vdc, 1000 mA

**ENCENDER BLUETOOTH • TURN ON BLUETOOTH**

Vaya a Configuración y seleccione Conexiones inalámbricas y Redes. Seleccione Bluetooth y enciéndalo. La primera vez que utiliza un nuevo dispositivo Bluetooth, es necesario sincronizarlo con su teléfono para que ambos puedan conectarse de manera segura. Después de eso se conectarán automáticamente.

*Go to Settings and select Wireless & Networks. Select BT and turn it on. The first time you use a new Bluetooth device, you need to "pair" it with your phone so that both devices know how to connect securely to each other. After that they connect automatically.*

**GARANTÍA • WARRANTY**

Para más detalles por favor referirse a los términos de la garantía que encontrará en nuestro sitio de internet [www.vsnmobil.com/mobile/v/](http://www.vsnmobil.com/mobile/v/).

*For details refer to full warranty terms and conditions found at [www.vsnmobil.com/mobile/v/](http://www.vsnmobil.com/mobile/v/)*

**OBTENER SOPORTE • GETTING SUPPORT**

Encuentre información de ayuda sobre su teléfono en <http://www.vsnmobil.com/mobile/v/>. Contacte su operador celular si tiene alguna pregunta sobre su servicio.

*Please visit <http://www.vsnmobil.com/mobile/v/> for device support. Contact your wireless service provider for help specific to network services.*

**OPERACION DE RADIOFRECUENCIA**

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

**RF OPERATION**

*Operation of this device is subject to the following two conditions: (1) it is possible that this device does not cause harmful interference and (2) this device must support any interference, including those that may cause undesired operation.*

#### FCC Caution:

Any changes or modifications not expressly approved by

the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### FCC RF Exposure Information and Statement

This LTE/WCDMA/GSM MOBILE PHONE meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health.

FCC RF Exposure Information and Statement The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: V.40R (FCC ID: 2AA9W-V1003) has also been tested against this SAR limit. The highest SAR value reported under this standard during product certification for use at the ear is 0.781 W/kg and when properly worn on the body is 0.816 W/kg. This device was tested for typical body-worn operations with the back of the handset kept 1.0cm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain a 1.0 cm separation distance between the user's body and the back of the handset. The use of belt clips, holsters and similar

accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

#### Body-worn Operation

This device was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 1.0 cm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.
