## FCC Confidentiality Request

Federal Communications Commission, Authorization & Evaluation Division, 7435 Oakland Mills Road, Columbia, MD 21046

Re: VSN Technologies Inc. FCC ID: 2AA9WV3000

To whom it may concern:

This letter is to comply with 47 CFR 0.457 and 0.459 pertaining to confidentiality material. VSN Technologies Inc. requests that the following documents regarding this submission for FCC ID: 2AA9WV3000 to be kept confidential:

Exhibit Type File Name

Block Diagram Block Diagram.pdf Schematics Schematics.pdf

Operational Description Operational Description.pdf
Tune up procedure Tune up procedure.pdf

BOM BOM.pdf

Those documents contain detailed system and equipment description and related information about the product which 2AA9WV3000 considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis form which future technological products will evolve, 2AA9WV3000 considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Thank you for your attention in this matter.

Yours sincerely,
