

FCC ID: 2AAC6-C10

FCC Notice:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

A minimum separation distance ≥ 20 cm is required between the antenna and radiating structures of the device and nearby persons to qualify for mobile exposure limits. The distance must be fully supported by the operating and installation configurations of the transmitter and its antenna(s).

FCC Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
