EUT View 1

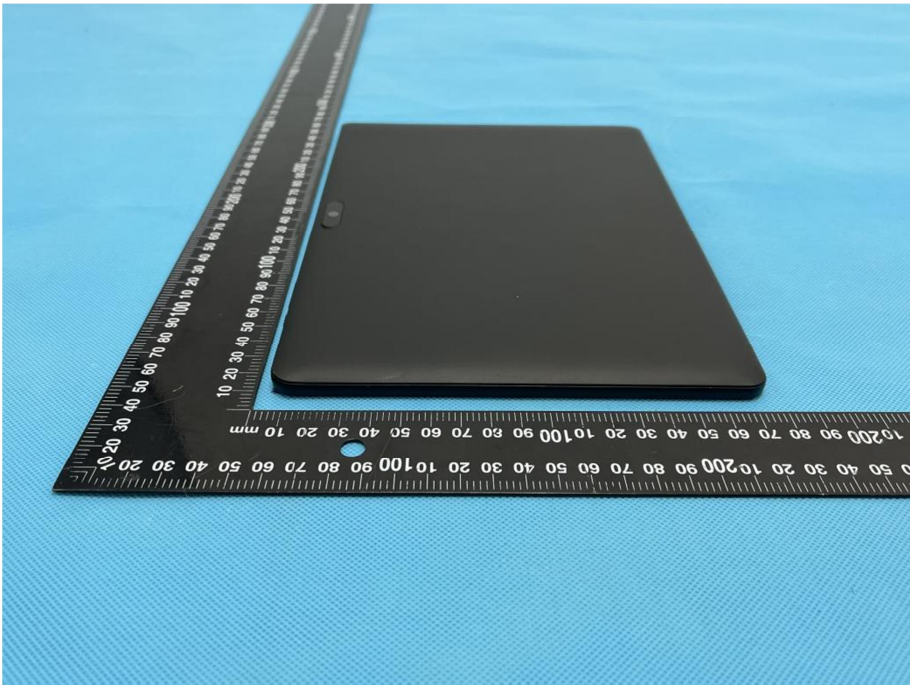

EUT View 2

EUT View 3**EUT View 4**

EUT View 5	 A black rectangular device, likely a USB dongle, is shown from a top-down perspective. It is positioned next to a black ruler with white markings. The ruler is oriented vertically, with the device's long edge parallel to it. The device has a small, circular feature on its top edge. The background is a solid blue color.
EUT View 6	 A black rectangular device, similar to the one in View 5, is shown from a top-down perspective. It is positioned next to a black ruler with white markings. The ruler is oriented vertically, with the device's long edge parallel to it. The device has a small, circular feature on its top edge. The background is a solid blue color.

EUT View 7	 A top-down view of a black, rectangular electronic device, possibly a tablet or a large smartphone, lying flat on a blue textured surface. A black L-shaped ruler is placed next to the device for scale. The ruler has white markings in millimeters and centimeters. The device is positioned horizontally, and the ruler is placed vertically to its left and horizontally below it.
EUT View 8	 A side-profile view of the same black rectangular device, showing its thinness. The device is lying on the blue textured surface. On the left side, there are several ports: a circular ear jack, a USB-C port, and a smaller port. On the right side, there is a small, circular camera lens. The device has a smooth, matte finish.
