

FIER TRUCK

E755-003

Pairing procedure

- Install the batteries into the vehicle and the remote control.
 Turn on the radio control and the vehicle. The pairing procedure
 will start automatically. The vehicle indicator light will turn off and
 the vehicle will emit double beep indicating that pairing
 procedure was successful.
- The remote control can be paired only with one vehicle at once.
 Each set has an interference free system.
- If there is no linking signal for 30 seconds the remote control will automatically shut down.
- To re-pair the set restart the remote control and the vehicle.

Frequency bands: 2405MHz to 2475MHz

Maximum output power: -1.73dBm (for EU compliance)

Manufacturer: Doubleeagle Industry(China)Limited.

Address: Xingda Industrial Park, ChenghaiDistrict, Shantou City, Guangdong Province, China.

batteries are not included).

Importer: JAMARA e.K.

CHOKING HAZARD-small parts, not for children under 3 years.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -- Reorient or relocate the receiving antenna.
- -- Increase the separation between the equipment and receiver.
- --- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -- Consult the dealer or an experienced radio/TV technician for help.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
