- This device is designed for mobile or fixed operation; portable operation is subject to a Class 2 permissive change application or to a new and separate FCC ID.
- The maximum antenna gain is calculated in the RF exposure exhibit.
- The product has a FCC ID label on the device itself. Also, the OEM host end product manufacturer will be informed to display a label referring to the enclosed module. The exterior label will read as follows: "FCC ID: 2AAGMGM02SA"
- We request to include in the grant the following words in the device description or grant notes: "modular transmitter" or "transmitter module".
