

<p style="text-align: center;"><b>Solder Board-Component View 5</b></p>	
<p style="text-align: center;"><b>Solder Board-Component View 6</b></p>	

<p style="text-align: center;"><b>Solder Board-Component View 7</b></p>	 A photograph of a small green printed circuit board (PCB) component. The board is rectangular with a notch on the right side. It features several surface-mounted components, including two gold-colored pads, two small black components, and a larger component with the number '3920' printed on it. Two black connectors are attached to the bottom edge. The board is placed on a blue surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
<p style="text-align: center;"><b>Solder Board-Component View 8</b></p>	 A photograph of a larger green PCB component. The board is rectangular with a notch on the right side. It features a central digital display with four digits, several push buttons, and various electronic components like resistors, capacitors, and integrated circuits. Two black connectors are attached to the bottom edge. The board is placed on a blue surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
