

<p style="text-align: center;">Solder Board-Component View 13</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled '13', showing its top surface. The board is populated with various electronic components, including a large orange capacitor, several integrated circuits, and a yellow connector. The board is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with the top edge marked from 0 to 80 mm and the bottom edge marked from 0 to 100 mm.</p>
<p style="text-align: center;">Solder Board-Component View 14</p>	 <p>A photograph of the same green PCB component, labeled '14', showing its bottom surface. The board is mostly blank, with a large white rectangular area in the center, possibly a solder mask or a component footprint. The board is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with the top edge marked from 0 to 80 mm and the bottom edge marked from 0 to 100 mm.</p>
