

<p style="text-align: center;">Solder Board-Component View 7</p>	 A photograph of a small green PCB component with two black connectors at the bottom. The component is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 40 mm. The component has several small components and traces on its surface, and the number '3920' is visible on the bottom edge.
<p style="text-align: center;">Solder Board-Component View 8</p>	 A photograph of a larger green PCB component with a digital display and various electronic components. The component is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 100 mm. The component has a digital display in the center, several buttons, and various electronic components like resistors and capacitors. The number '3920' is visible on the bottom edge.
