RECYCLING INFORMATION

If ever discarded, this product and its packaging shall not be treated as household waste. Instead, please deliver it to the applicable collection point for the recycling of electrical and electronic equipment. By recycling this product correctly, you will help conserve natural resources and prevent potential negative environmental consequences.

Feel free to add "Captain Planet's Planeteer" to your resume. For more detailed information about recycling of this product, please contact your local city office, your household waste

disposal service, the shop where you purchased the product, or the all-knowing interwebs.

REGULATORY INFORMATION

Any changes or modifications not expressly approved by the manufacturer may void the user's authority to operate the equipment under FCC rules. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This

equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can

be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment under the following conditions:

- This equipment should be installed and operated such that a minimum separation distance of 20 cm is maintained between the radiator (antenna) & user's/nearby person's body at all times.
- This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

- the nitty-gritty -

SETUP AND INSTALLATION GUIDE

1. Place the Hub in a central location to achieve the best wireless coverage for the entire home.
2. Plug the power adaptor into the Hub and a wall socket.
3. Download the smart phone application from the Apple App Store.
4. Follow App's on-screen instructions.
5. Get jiggy with it. (Optional)

PRODUCT REQUIREMENTS

1. Smart phone running iOS 6.0 or greater. For complete details go to help.revolv.com.
2. DSL/cable modem, or LAN-based, high-speed Internet connection.
3. WiFi access point.
4. If you currently have a cable or DSL modem connected directly to your computer, you should install a WiFi router between your modem and your computer to share the Internet connection with the computer and other devices. If you do not have a router, you should purchase and install one before proceeding.

IMPORTANT SAFETY INFORMATION

1. Read, keep, heed and follow all instructions.
2. Warning: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Do not use this apparatus near water or in wet locations. e.g. bathrooms or outdoors.
3. Clean only with dry soft cloth. Household cleaners or solvents can damage the finish. Do not block any ventilation openings.
4. Install in accordance with the manufacturer's instructions.
5. Do not install near any heat sources such as radiators, heat registers,

stoves, or other apparatus that produce heat.

6. Protect the power cable from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
7. Only use attachments/accessories specified by the manufacturer.
8. Unplug this apparatus during lightning storms or when unused for long periods of time.
9. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cable or

plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, and does not operate normally, or has been dropped.

10. The plug should be readily available to disconnect the equipment.
11. Do not expose apparatus to dripping or splashing and do not place objects filled with liquids, such as vases, on the apparatus.
12. This device is not as a toy for usage by children. Unless you're a child at heart. That's fine by us.
13. This device is not for use in safety-critical applications (such as

life support) where a failure of the product would reasonably be expected to cause severe personal injury or death.

TROUBLESHOOTING GUIDE

Please go to help.revolv.com to learn more about troubleshooting the Hub.

POWER SPECIFICATION

5.0V DC @ 1.0A.

Use only the supplied and approved power supply.

WIRELESS SPECIFICATION

Wireless RF mode frequency bands
2400 – 2483.5 MHz
902 – 928 MHz
431 - 437 MHz

ENVIRONMENTAL SPECIFICATION

Operation temperature: 32F to 95F (0C to 35C)
Storage temperature: -13F to 140F (-25C to 60C)
Relative humidity: 5 to 95% non-condensing
