Pairing to Mobile phone or other device</p> <p>To use your Bluetooth Headphone, you must first pair your Headphone with a phone or a computer. Once your Bluetooth Headphone is paired to a specific mobile phone, they will remain paired and automatically recognize each other whenever they are within range.</p>	Desired Result	Required Action	Previous	Short click "-" button for Previous music.	Next	Short click "+" button for next music.	Turn off	Press the button "MFB" for 3 seconds when the device is on.(a tone voice beep and all LED is off)	Play / pause	click "MFB" button to play music when the device is connected or playing and click "MFB" button to pause when the device is playing music.	Low battery warning	(The red LED flash)	Charging	Plug the charger to port of the device. (the LED is on)	Answer call	Short click the "MFB" button while the incoming call.	End call	Short click the "MFB" button while ongoing call.	Transfer call voice	Double click the "MFB" button to transfer the call voice between the mobile phone and device while ongoing call.	last number redial	Double click the "MFB" button in the connected state or there is music.	Multi-point connection	Press the "MFB" button for 1-2 seconds to reject call when the call is ringing.	Factory reset	In pairing mode, short single the "MFB" to enable the multi-point and double press the "MFB" to disable the Multi-point.	Factory reset	Long press "+" and "-" button for 5 second at pairing mode to clear the paired device list	<p>HSX USER MANUAL</p> <p>Pairing to a phone and Entertainment:</p> <ul style="list-style-type: none"> Turn on your phone and ensure its Bluetooth function is activated Turn on the Bluetooth Stereo Headphone go to the pairing mode Search your Bluetooth devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information. After a few second the phone will list the device as a discover device. Select it and follow your phone instruction to select this pairing. Then your phone will request a passkey or PIN, enter 0000 as your PIN or passkey. Your phone will confirm the pairing, and then press Yes/OK. Finally, select to connect with device from your phone. You can play music, watch TV/movie and play game with your phone, then you can hear all the sound of music from the device. Also you can control the player by operating the device. Example, volume up and next music. <p>Pairing to a computer and Entertainment:</p> <ul style="list-style-type: none"> If there is no Bluetooth function supported by your computer, a Bluetooth adapter is necessary. Fix the adapter with your computer and ensure its Bluetooth function is activated. Turn on the device go to the pairing mode Open the Bluetooth software (such as BlueSoleil) installed on your computer, and select "Search your Bluetooth devices" function. Refer to user manual of the Bluetooth software for more information. After a few second the "device name" will list in Bluetooth software of your computer as a discover device. Select this icon and click right button of mouse to select "pairing" item, then select "connect with audio device" with same operation. 	<p>HSX USER MANUAL</p> <ul style="list-style-type: none"> Open your media player soft to play music, watch TV/movie and play game, then all the sound will be playback on your device. <p>4.3. Charging your device</p> <p>The device is convenient to connect to AC charger or a USB charger with Micro USB port marked with Make sure that your device is full charged for at least 6 hours before initial use. Insert one terminal of your charger to AC main or USB port of PC and other terminal to Micro USB . While charging, the blue LED light constantly. When charging is completed, the blue LED turns on.</p> <p></p> <p>Warning:</p> <ul style="list-style-type: none"> You must select a qualified charger from a regular manufacturer. You must charge the Bluetooth Headset if it has been not used for more than 12 months. 	<p>HSX USER MANUAL</p> <table border="1"> <thead> <tr> <th>Parameter</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>THD</td> <td>≤1.0%</td> </tr> <tr> <td>Playback Time</td> <td>about 10 hours</td> </tr> <tr> <td>Charging Time</td> <td>about 2 hours</td> </tr> <tr> <td>Dimension (L×W×H)</td> <td>158×180.5×66.5mm</td> </tr> <tr> <td>Weight</td> <td>143g</td> </tr> </tbody> </table> <p>6.Service and Support</p> <p>If your device is not performing as it should, please take it to your local service providers or dealer for service.</p> <p>7. FAQ</p> <p>1) Why is there no power even when the Stereo Headphone is power on? Ans: Ensure the battery is being charged up to 6 hours for first time using. The LED is lighted when it starts charging.</p> <p>2) There is no sound when playback your device with phone or computer, if the connection is not established, please reconnect again. Make sure the Stereo Headphone device is paired and connected target phone or other master device.</p> <p>3) How can I know the Bluetooth Stereo Headphone has been fully charged? Ans: When the indicator LED turns red to blue when it is charging, it has been fully charged.</p> <p>4) Why the Headphone cannot connect to second phone Ans: Please set the Headphone to pairing mode and short press the "MFB" to enable multi-point mode Connect the Headphone to phone A, Rest the Headphone to pairing mode and connect the Headphone to phone B, and then use phone A paired device list to reconnect to the Headphone</p>	Parameter	Value	THD	≤1.0%	Playback Time	about 10 hours	Charging Time	about 2 hours	Dimension (L×W×H)	158×180.5×66.5mm	Weight	143g

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
