## QUICK START GUIDE

### STEREO WIRELESS HEADPHONES

#### CHARGING THE HEADPHONE

⚡ Charge the headphone before using it for the first time.

🕒 Plug in the cable to the micro USB port and charge for at least 2.5 hours.

Connect the charging cable to charging port.

#### PAIRING YOUR HEADPHONE

Your headphone will work best if it is within 30 ft. of your smart device. You may experience sound briefly cutting off if you are out of range or if your wireless connection is weak. Make sure Bluetooth is enabled on your smart phone or tablet before starting the pairing process.

#### PAIRING YOUR HEADPHONE (continued)

Make sure the headphone is turned off before attempting to pair it with a smart phone or tablet. Press and hold the "Play/Pause" button to turn on the headphone.

Press and hold the button until you see the light flash red and blue. This indicates that your headphone is ready to pair.

From your smart phone or tablet, find a list of nearby devices and choose "BMI-985BT". Enter "0000" if asked. The headphone will "beep" when pairing is complete!

#### CONNECTION LOST?

- If pairing the headphone does not work, turn off the headphone and repeat the steps again in "Pairing your Headphone."
- Make sure your headphone is within range of your smart device.
- If you hear a long beep, you need to recharge your headphone. Connection may be lost due to low battery.
- When charging your headphones, only use the enclosed USB cable.

used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
