

P1

Welcome

Thanks for choosing this laser presenter. It gives you remote control of your onscreen presentations with a range of up to 35 feet which is a perfect idea for a large conference room. This presenter supports the most common presentation tools including Page Up, Page Down, Start & Exit slideshow > Screen black. It also has a laser pointer that helps you focus in on your key messages. Just plug and play, no software is required. It allows you to control your presentation with one touch easily in the palm of your hand, and enjoy freedom of movement as you present.

Be sure to carefully read this User's Guide first for the proper use of this product and keep it for future reference.
