BEFORE USING ALWAYS READ THESE INSTRUCTIONS CAREFULLY ON YOUR MOBILE PHONE OR TABLET IF YOUR AUX CABLE IS CONNECTED WITH BLUETOOTH. IF YOU ARE USING THE AUX CABLE TO CONNECT TO YOUR MOBILE PHONE OR TABLET, PLEASE MAKE SURE THE AUX CABLE IS CONNECTED TO THE AUX PORT OF YOUR MOBILE PHONE OR TABLET. PLEASE DO NOT CONNECT THE AUX CABLE TO ANY OTHER DEVICE.

MEDIA AND VOLUME CONTROL

If you cannot hear music control from the speaker, you may need to increase volume from your mobile phone or tablet connected to the speaker or recharge your speaker.

ANSWERING CALLS

If a call comes in, press the Answer Call button quickly to answer music and answer the call.

To end the call and return to playing music, press the Answer Call button twice quickly.

To skip or pause music while streaming, you can press the Play / Pause button accordingly.

CHARGING THE SPEAKER

1. Connect the USB cable to a computer USB port or a certified wall charger that does not exceed 1 amp. Do not use the charging port of the speaker.

2. When the battery is fully charged, the LED light will turn off automatically.

3. Do not touch any flammable materials or breathe fumes emitted.

4. Do not touch any flammable materials or breathe fumes emitted.

5. Do not touch any flammable materials or breathe fumes emitted.

6. Do not touch any flammable materials or breathe fumes emitted.

7. Do not touch any flammable materials or breathe fumes emitted.

8. Do not touch any flammable materials or breathe fumes emitted.

9. Do not touch any flammable materials or breathe fumes emitted.

10. Do not touch any flammable materials or breathe fumes emitted.

5

When the battery is low, the LED light will blink red every 20 seconds and leave a warning beep. When this happens, charge your speaker.

BATTERY SAFETY INFORMATION

This speaker comes with a built-in rechargeable battery. Do not attempt to disassemble, modify, or attempt to recharge the battery separately from the device.

• When charging the speaker, please use the included USB charging cable, or otherwise ensure that the battery charging conditions are met.

• Do not connect or attach the speaker or battery to a power supply rack or directly to a car cigarette lighter.

• Do not continue charging the battery if it does not recharge. When the battery is fully charged, the LED light will turn off automatically.

• Do not attempt to modify, change, or replace your battery. Otherwise, the charging time, duration may cause the battery to overheat or catch fire.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Do not touch any flammable materials or breathe fumes emitted.

• Lithium-ion batteries are considered to be hazardous materials. Please follow all local, state and federal laws in regards to the disposal of hazardous materials. Do not attempt to disassemble, modify, or attempt to recharge the battery separately from the device.

WARRANTY STATEMENT

The device complies with part 15 of the FCC Rules. Operation is subject to the condition that you do not cause harmful interference. If you do cause harmful interference, you will be required to stop using the device until interference is corrected. Includes interference that may cause undesired operation.

WARNING: Changes or modifications to the unit not expressly approved by the manufacturer may void the user's authority to operate the equipment.

FCC INSTRUCTIONS FOR A CLASS B DIGITAL DEVICE (OPTIONAL):

Note: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to other communications equipment. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, you should try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.
