Re: Limited Modular Approval attestation letter  
**FCC ID: 2AAW8-RMCIJ1**  
**IC: 11372A- RMCIJ1**

Gentlemen,

The **RMCIJ1** meets the requirements for limited modular approval as detailed in FCC Public notice 15.212 and IC RSS requirements.

Limited single modular approval is sought as the modules will be installed in only **Markem Imaje Industries** products under our control.

Compliance to each of the requirements is described below.

Clauses		Manufacturer's arguments Limited Modular Approval
15.212 (a)(1)(i)	Shielding	None shielding provide, <b>RMCIJ1</b> is compliant with all FCC part15C and RSS requirements without shielding. See Test Report document.
15.212 (a)(1)(ii)	Buffered Data/Modulation	Chip is compliant with this rule.
15.212 (a)(1)(iii)	Power supply regulation	Chip is compliant with this rule
15.212 (a)(1)(iv)	Antenna	The <b>RMCIJ1</b> was tested with one ceramic antenna, see "test report"
15.212 (a)(1)(v)	Stand-alone configuration	The <b>RMCIJ1</b> was tested in a stand-alone configuration, see "Test setup photos" document.
15.212 (a)(1)(vi)	Label	See "Label" document and exhibition label sample
15.212 (a)(1)(vii)	Operating	The <b>RMCIJ1</b> is compliant with all applicable FCC and IC rules. Details for maintaining compliance are given in the "User Manual".
15.212 (a)(1)(viii)	RF Exposure	The <b>RMCIJ1</b> is compliant with all applicable RF exposure requirements. See "RF exposure" document.

Please contact me if you have any further question.  
Best regards,

**Jean Baptiste Palisse**
