

**Verigo**  
Truth in Transit

## Temperature Data Tag **Quick Start Guide**

### **1. Mobile Device Setup**

- With an IOS™ or Android™ mobile device download the Verigo app from the app store. You can find the app by searching “Verigo” or by scanning the QR code below.

Note: To download the app, the device must be Bluetooth® 4.0 Compatible

### **2. User Account Setup**

- If you do not have a username and password, you can request one by tapping the Sign Up button on the Home Screen of the app or by going to <https://home.verigo.io/users/signup> in a web browser.
- Once you’re at the Sign Up screen, fill out the required information and press the Register button.
- Your company administrator will then need to approve your account before you can log in to the Verigo app.
- After you receive a username and password you can sign in to the app by entering your Username and Password in the Home screen of the Verigo app and then tapping the Sign In button.

### **3. Activate Tag: Start Tracking Data**

- To activate a tag, Press and hold the two buttons located on the tag for 3 seconds. Once activated the red and green light will blink once.
- The tag is now tracking data. To see the activated tag in the Verigo app, tap the Manage Packages button on the Home screen.
- In order to find the tag in the Device List, match the MAC address printed on the outside of the tag to the MAC addresses of the tags in the device list.

### **4. Monitor Data on Active Tag/Deactivate Tag**

- In order to monitor data on an active tag, tap the Manage Packages button on the Home screen of the app.
- Next, click the button for the active tag.
- From this screen you can see various data about the tag.
- Also from this screen you can deactivate the tag by clicking End Shipment at the top of the screen.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: THE **GRANTEE** IS NOT RESPONSIBLE FOR ANY CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
