Federal Communications Commission notice

FCC Label

This device complies with Part 15 of the FCC Rules. Operation of this product is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance with the FCC Rules could void the user's authority to operate this equipment.

1. Introduction

Thank you for purchasing our Active Noise Canceling Bluetooth headphone. This device can be easily connected with Smartphone, tablet PC, and other devices via Bluetooth during your traveling and daily use.

Please read the following safety warnings and precaution before using your device.

2. Battery Precautions

The device is powered by a built-in rechargeable lithium battery. Please charge the battery for at least 8 hours before your first use of device.

- If the device is not used for a long period of time, the battery may be out of power. Please re-charge the battery.
- Rechargeable batteries are only to be charged under adult supervision.
- Use only the supplied micro USB cable to recharge the battery. Improper charging may damage the battery and the device.
- Do not attempt to open the rechargeable battery or battery pack. There are no serviceable parts inside.
- Should a battery leak, the device may become damaged. Clean the battery compartment immediately, avoid touching your skin.
- Keep the battery out of reach of children. If swallowed, consult a physician immediately.
- Avoid storing the battery in an extremely hot or cold environment. A device with a hot or cold battery may not work temporarily, even when the battery is fully charged.
- Do not dispose batteries in a fire as they may explode. Batteries may also explode if damaged. Please dispose them according to local regulation. Do not dispose them as household waste.

After charged, the device can be used without the power connection. Charge the device again when you hear the headphone make a " please charging " sound.

10. Product care

This device is designed to be light, compact and durable. As an electronic device it must be treated carefully. Putting unnecessary pressure on it or striking the device against other objects may cause damage. To avoid damage to your device, please

- Do not drop, crush, bend, or apply excessive force to the device.
- Do not expose your device to moisture, extreme or prolonged heat, cold, humidity, or other adverse conditions. Avoid storing it in damp, humid, or wet places, as it is not waterproof.
- Clean the unit with a soft cloth or damp chamois leather. Never use solvents.
- The Unit can only be opened by qualified personnel.
- This device contains magnets. Keep magnetic field sensitive products such as credit cards and video screen away from this device to avoid damage or malfunction.
