# Owner's Guide

BT-572S、Bluetooth Earphone
xcentz™

How to Connect

1. Power off the earphones and hold MFB for 2s to power on again and the earphones will auto enter pairing mode.

2. On cellphone, search for xcentz_xBuds_S2 and tap to connect.

Note: Earphones will auto enter pairing mode upon any disconnectivity with current device.

How to Charge

LED will be solid red when charging and turn to blue once topped up.

Functions

Power On:	Hold MFB for 2s (LED blinks blue).
Power Off:	Hold MFB for 3s (LED blinks red).
Voice Assistant:	When standby, hold MFB for 1s to activate Voice Assistant (like Siri).
Play/Pause:	Press MFB to play /pause the audio. Press once to pause and press again to play.
Adjust Volume:	Press Vol +/- button on earphone to increase or decrease audio volume.
Previous/Next:	When playing music, hold Vol +/- button for 2s to play the previous/next audio file.
Answer Call:	Press MFB to answer incoming call.
Ignore Call:	Hold MFB for 2s to ignore incoming call.
End Call:	During a call, press the MFB to end the call.

Last Number Redial:	When standby, double press MFB.
Mute On:	During a call, double press MFB to switch mute on/off.
Switch Audio Output:	During a call, hold MFB for 2s to switch audio output between cellphone and earphones.
Three-way Calling & Switch:	Press MFB to answer incoming call from phone 1. If another call is coming from phone 2 in sync, press MFB to put the first call in hold while activate the second call. Double press MFB to switch between the held call and the active call.

Note:

- For some cellphones, when an incoming call is answered on cellphone, you might need to press Audio Button and select the earphone to switch talking from cellphone to earphone. If the call is answered by earphone, you can talk with earphone directly.

- The Last Number Redial feature is phone dependent.

xcentz™
