Application Download & Installation

This device can support either iOS & Android.

1. Please download the official application from app stores before operation .
2. Please follow app instructions to register and login for proper operation.
3. For any questions, please contact the official application developer.

Quick Start Procedures

STEP 1

Connect Micro USB charging cable to charge the device as shown to the right.

Download the official application from APP Store or Google Play Store.

** Chipper™ 2X BT is powered by an internal Lithium Polymer rechargeable battery pack that cannot be removed or replaced. Before first use, charging is required for approximately two to three hours. To prevent potential electrical damage to the Chipper™ 2X BT , please be recommended to use the Micro USB cable provided with the packaging only.**

STEP 2

Turn on the device pairing function of your smartphone/tablet. Then, press "⏻" to turn on the Chipper™ 2X BT.

** Please ensure that Bluetooth® function of your smartphone/tablet is ON before device pairing.

Quick Start Procedures

STEP 3

Select Chipper™ 2X BT in the Scanned Device List on your smartphone/tablet. Then, your Chipper™ 2X BT is connected and green LED will ON.

STEP 4:

You can follow your application instruction to start the transaction process, then swipe, insert or tap card to complete the transaction.

** If you pay via swiping card or inserting EMV IC card, please ensure that the magstripe or EMV chip of the card is facing the right direction. If you pay using NFC card, please ensure you tap the NFC payment card within 4cm range on top of the NFC marking.

NFC Status indicators

First LED ON

Ready for tapping card

LEDs ON in consecutive order

Reading card information

4 LEDs ON + "BEEP"

Card reading process successfully completed

"BEEP"

Transaction completed

First LED flashing

Standby mode

2 "BEEP"s

Error, please retry

Cautions & Important Notes

- Ensure the device is fully charged before use.
- Please ensure magstripe/ EMV chip of the card is facing the right direction when swiping or inserting card.
- The NFC card should be tapped within 4 cm range on top of the reader mark.
- Don't drop, disassemble, tear, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint or insert foreign object into the device. Doing any of which will damage the device and void the Warranty.
- Don't immerse the device into water and place near washbasins or any wet locations. Don't spill food or liquid on the devices. Don't attempt to dry the device with external heat sources, such as microwave or hair dryer. Don't use any corrosive solvent or water to clean the device. Recommend using dry cloth to clean the surface only.
- Don't use any sharp tools to point the internal components, connectors or contacts, doing which may lead to device malfunction and void the Warranty simultaneously.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Warranty

- Any damage or defects caused by a failure to follow the instruction which relate to this device or as the result of an accident, abuse, misuse, misapplication, product modification, improper voltage or current, acts of God, shipping damages or loss, or damage caused by service performed by anyone other than our company are expressly excluded from the warranty stated below.
- We are not under any obligation to support the device for all operating environments, including but not limited to, interoperability with all current and/ or future versions of software or hardware.
- Please contact the dealer for any warranty or customer support services. Any repair of the device by yourself will void the Warranty.

FCC Caution Statements:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
