Re: FCC ID: 2AB7YVDBTLE24

To Whom It May Concern:

The following application is submitted on behalf of our client, Viper Design, LLC, for evaluation of their model VDBTLE24DIH for certification under FCC Part 15.247.

The VDBTLE24DIH is a Bluetooth Low Energy device capable of sending and receiving data from a multitude of Bluetooth enabled devices: including smart phones, tables, and computers. The module is intended to be installed on or inside another product in order to receive the power and signals required for operation. The RF circuitry and radio is completely controlled from within the module, requiring no knowledge of the Bluetooth protocol by the user.

The VDBTLE24DIH was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
