Description of parts

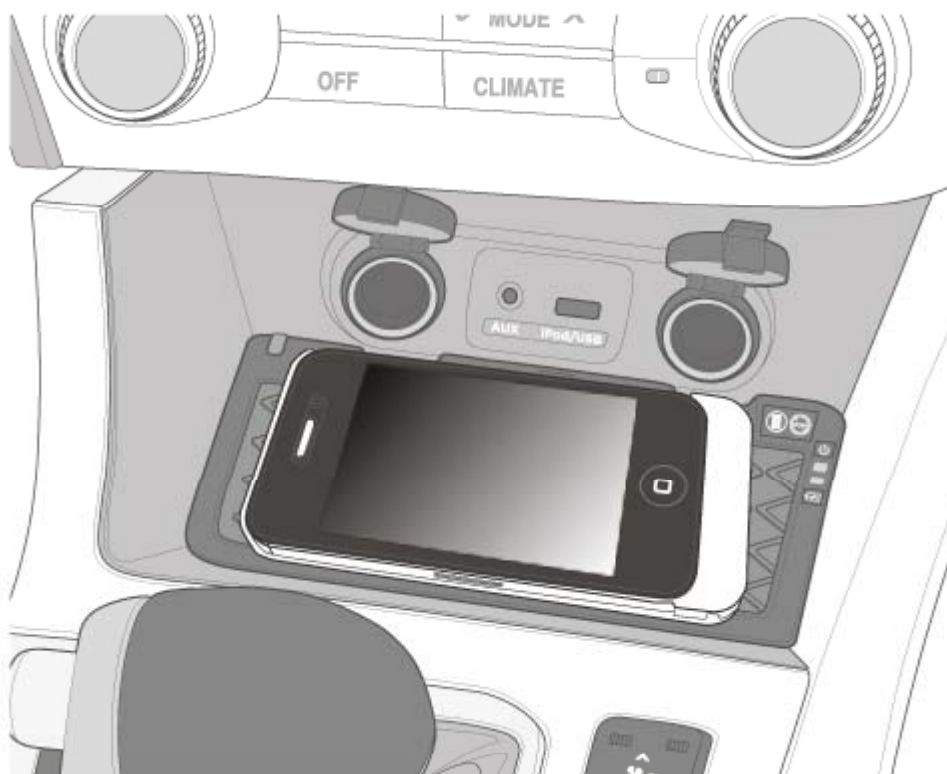

NOTE

Qi Logo: This product is Qi-certified wireless charger.
No Smart Key: Do not put a smart key on this product.
No Coins: Do not put the coins on this product.

How to use

1. Turn on the engine, and see if the product's power LED(right) is lit.
2. Place the device that has the Qi logo on the middle of the charging pad. (Is better to align the device to the center of the pad)
3. The Charge LED starts to light on in red as charging begins.
4. When the charging is finished, the LED will turn green.
 - If it is not charging well make sure to align the device to the center and recharge.
 - Some smartphones or cases do not send the full charging signal to wireless charger, in this case, the charge LED will remain in red.

Troubleshooting

The device is not charging

- Make sure the device is qi standard.
- Relocate the device location.
- Make sure the device being charged is full.
- Make sure that something is on the wireless charger.

The charge LED is blinking fast or not lit

- Make sure you have properly connected your device with the appropriate wireless charging case, or foreign objects are inserted between receiver and transmitter.
- Relocate the device location.

Caution, Service

Do not put a **smart key** or **coins** on this product.

Do not insert or wet with **water** or any other **liquid**.

Do not take it part or make alterations.

Keep away from any mechanical device that could be affected by a magnetic field.

1. Put a mobile phone in the middle of the product to charge. If the mobile phone is placed in other position, it may cause charge malfunction.
2. The use of original Rx Case is recommended for this equipment. If any abnormal RX Case is used, it may cause malfunction or damage of the equipment.
3. If there are any metal materials like coins between chargers, you may suffer physical injuries including burns due to heat.

If you encounter problems or abnormalities during the use please stop using the product and contact the store where the purchase was made.

Compliance Statement

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions :

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technical for help.

Compliance Statement

IC Compliance Statement

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme avec Industrie Canada exempts de licence standard RSS (s). L'opération est soumise aux deux conditions suivantes: (1) cet appareil ne peut causer d'interférences, et (2) cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement de l'appareil.

User's Caution Statement

Any changes or modifications to the equipment not expressly approved by the party responsible for compliance could void user's authority to operate the equipment.

Toute changement ou modifications non expressément approuvés par la partie responsable de la conformité pourraient annuler l'utilisateur l'autorité de faire fonctionner cet équipement.
