**Before you install**

- Unpack the box and check all items that are included.
- Make sure to power on the strip light and confirm if it lights up.

**Yeelight RGBIC LED Basic Strip Lights**  
QUICK START GUIDE

Note: Illustrations of product, accessories, and user interface in the user manual are for reference purposes only. Actual product and functions may vary due to product enhancement.

**Installing Your Device**

- Wipe the surface to ensure it is clean and dry.
- Then adhere the Lightstrip to the mounting surface and press it firmly.
- Peel off the protective film on the Controller box and stick it, placing the control box close to the music source for optimal sound effects.
- Turn on the power of the strip light and begin using it.

**Device Resetting**

Press and hold the power button for 5 seconds within one minute after powering on the device. When the device breaths in blue light, it will start to restore the factory settings. When the light changes to rainbow streamer, it means that the device has been successfully reset.

\* When used in a new network environment, restore factory settings before reconnecting the network.

**Description of Button Functions**

Turn the light on/off

Press to switch light modes

Enter music mode; Press to switch music mode

**Specifications**

Model: YLDD-0038

Power Factor: 0.5 for US Region  
0.7 for Europe Region

Power: 22W

Rated input: 24V = 0.5A

Rated input (with Adapter): 100-240V~50/60Hz for US Region  
200-240V~50Hz for Europe Region

Operating Temperature: -10°C to 35°C

Operation Frequency: 2402-2480 MHz

Maximum Output Power: 10 dBm

Size: 6m/18.6ft

Replaceable control gear by an end-user.

Made in China

**Warnings & Cautions**

- For indoor use only.
- Do not use the lightstrip when covered or recessed into a surface.
- Do not bend the LED inside the lightstrip more than 90 degrees to avoid damaging the product.
- Do not open or cut the lightstrip.
- Do not connect parts of this lightstrip with parts of another manufacturer's lightstrip.
- The LED lightstrip should be used with the provided LED driver only.
- To prevent early product failures, the product should only be used in environments with a temperature range of 14 to 77°F (-10 to 25°C).
- The product is not water resistant, be cautious when installing and using.
- Do not allow children to install the strip light alone.
- Unroll the strip lights before powering on.
- The light source of this luminaire is not replaceable, when the light source reaches its end of life the whole luminaire shall be replaced.
- Under normal use of condition, this equipment should be kept a separation distance of at least 20cm between the antenna and the body of the user.
- This lightstrip is not suitable for general indoor lighting, and can only be used for decorative purposes.
- Do not connect the lightstrip to the supply while it is in the packing or wound onto a reel.

**CE EU Declaration of Conformity**

Hereby, Qingdao Yeelink Information Technology Co., Ltd., declares that the radio equipment type YLDD-0038 are in compliance with Directive 2014/53/EU.

**WEEE Disposal and Recycling Information**

All products bearing this symbol are waste electrical and electronic equipment (WEEE as in directive 2012/19/EU) which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.

Replaceable control gear by an end-user.

Manufacturer: Qingdao Yeelink Information Technology Co., Ltd.

**FCC Compliance Statement**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt (RSSIS). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

**Supplier's Declaration of Conformity**

Under FCC Part 15 SDR procedure

Product Description: Yeelight RGBIC LED Basic Strip Light

Model Number: YLDD-0038

Trade Name: YEELIGHT

Responsible Party in USA: Yeelight Technology LLC

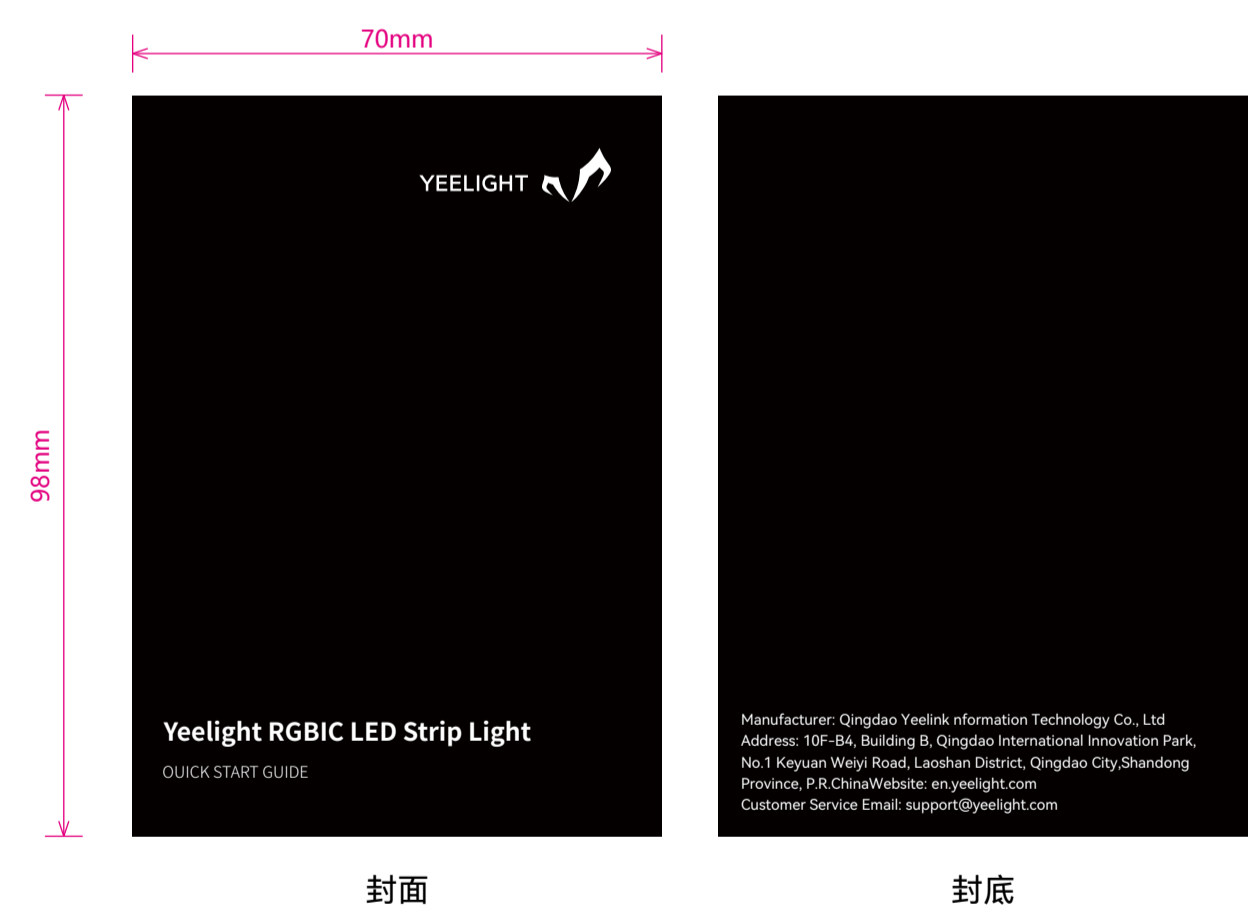

Testing Laboratory: BUREAU VERITAS ADT (Shanghai) Corporation

Address: to the Test Report: ANGL-ESH-CP-04011220-3

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

For and on behalf of Responsible Party
