YEELIGHT

YEELIGHT CURTAIN LIGHTS

QUICK START GUIDE

What You Get

Curtain Light ×1

Adapter ×1

Control box ×1

User Manual ×1

Seamless Nails ×6

VHB Gums ×12

G4 hooks ×12

Product Overview

Lights String (9ft × 6.6ft)

Control Box

Power Adapter

Note: Illustrations of product, accessories, and user interface in the user manual are for reference purposes only. Actual product and functions may vary due to product enhancement.

Installing Your Device

Before you install

1. Ensure that all cribs, beds, furniture, and toys are moved away from the lights. Avoid tying the bottom of the string lights to prevent loops that could pose a SUFFOCATION hazard to children.

2. Unpack the box and check all items that are included.

3. Test the Lights: make sure to power on the curtain lights and confirm if it lights up.

4. Maintain the top cable at the same level during the installation of the lights.

Installing Steps

Method 1: Using G4 Hooks

1. Position the G4 hooks between the two wires.

2. Attach the curtain lights to the curtain hooks using the G4 hooks.

3. Connect the adapter and plug it into power to test the device.

Method 2: Using G4 Hooks and VHB Gums

1. Prepare the installation surface by cleaning it.

2. Mark the surface at intervals higher than 7.21ft/2.2m with increments of 0.5ft/15cm, ensuring uniformity in the marks' levels.

3. Apply VHB gum to the back of the G4 hooks.

4. Securely fix the G4 hooks to the marked positions on the surface, applying pressure for at least 10 seconds.

5. Connect the adapter, plug it into power, and test the device.

Method 3: Using Seamless Nails

1. Prepare the installation surface by cleaning it.

2. Make 4 marks on the surface that are higher than 7.21ft/2.2m with intervals of 1.65ft/50cm. Keep the 4 marks on the same level.

3. Fix the provided seamless nails to where the marks were made on the surface.

4. Hang the curtain lights on the nails, using a string longer than 4.9ft/1.5m to secure the lights.

Device Resetting

Press and hold the Power button for 5 seconds within one minute after powering on the device. When the device breaths in blue light, it will start to restore the factory settings. When the light changes to rainbow streamer, it means that the device has been successfully reset.

* When connecting the device to a new phone, you need to reset the device.

Pairing Your Device with Yeelight App

1. Download the Yeelight app from the app store (iOS devices) or Google Play (Android devices).

2. Ensure that the device has been powered on and reset successfully.

3. Turn on Bluetooth on your smartphone.

4. Open the app and follow the onscreen instructions to complete pairing.

Description of Button Functions

Turn the light on/off.

Press once to turn on the light, then press again to cycle through four colors. Long press to turn off the light.

Specifications

Model: YLYDD-0053
Power Factor: 0.5 for US Region ; 0.7 for EU Region
Power: 24W
Rated Input: 12V ≈ 2A
Rated Input (with Adapter): 120V~60Hz 0.8A for US Region
220~240V~50/60Hz 0.6A for EU Region
Size: 5ft x 6.6ft(1.5m x 2m)
Power Cord Length: 13.1ft/4m(including Control box)
Operating Temperature: -20° to 40° C (-4° to 104° F)
Operating Frequency: 2402~2480 MHz
Maximum Output Power: 10 dBm
Waterproof: Adapter(IP44) Control Box(IP65) Curtain Lights(IP65)
Replaceable control gear by an end-user.
Made in China

Customer service

warranty: 12-Month Limited warranty
Support: Lifetime Technical Support

CE

EU Declaration of Conformity

Hereby, Qingdao Yeelink Information Technology Co.,Ltd., declares that the radio equipment type YLYDD-0053 are in compliance with Directive 2014/53/EU.

Warnings & Cautions

Ensure that all cribs, beds, furniture, and toys are moved away from the lights. Avoid tying the bottom of the string lights to prevent loops that could pose a SUFFOCATION hazard to children.
This product is rated as IP65 waterproof. It can be used outdoors but cannot be immersed water.
The power adapter is rated as IP44 waterproof. It can be used outdoors but cannot be rinsed or immersed in water
Do not connect parts of this lightstrip with parts of another manufacturer's lightstrip.
Interconnection shall be made only by the use of the supplied connectors. Any open ends must be sealed-off before use.
The product should be used with the provided LED driver only.
To prevent early product failures, the product should only be used in environments with a temperature range of -20° to 40° C (-4° to 104° F) .
Do not allow children to install the strip light alone.
Avoid installing this product near major heat sources.
The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
Under normal use of condition, this equipment should be kept a separation distance of at least 20cm between the antenna and the body of the user.

FCC

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Caution: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.
To satisfy FCC&IC RF exposure requirements, a separation distance of 20 cm or more should be maintained between the antenna of this device and persons during device operation.
To ensure compliance, operations at closer than this distance is not recommended. Limited by local law regulations, version for North America does not have region selection option.

Supplier's Declaration of Conformity

Under FCC Part 15 SDoC procedure
Product Description: Yeelight Curtain Lights

WEEE Disposal and Recycling Information

All products bearing this symbol are waste electrical and electronic equipment (WEEE as in directive 2012/19/EU) which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.
Replaceable control gear by an end-user.
