Ref: FCC Class II Permissive change for FCC ID: 2ABGH-R141TL5

Applicant: Reliance Communications LLC

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: 2ABGH-R141TL5 originally granted on 2/1/2022.

The change under this application is to only enable Qualcomm Smart Transmit feature by software to control and manage transmitting power in real time and to ensure at all times the time averaged RF exposure is in compliance with the FCC requirement. The change will not change other RF characteristics. HW version has no change, but SW version upgrade from ORB141TL5\_V1.1.9\_SVZ to ORB141TL5\_V2.0.5\_SVZ.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

FCC Class II PC Request Letter

Sincerely,

Name: Saqib Ghouri
