Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID:2ABGH-R678L5

Applicant: Reliance Communications LLC

Dear Examiner,

This is to request a Class II Permissive change for FCC ID:2ABGH-R678L5 originally granted on 25/07/2021.

The change under this application is to only update reports about mmW SAR (PD) because the worst beam ID is set according to EIRP but not really matched with Qualcomm PD simulation's result, so we use the right PD worst beam ID to retest and make an update. Certainly, the worst beam ID about PD has been verified by Qualcomm. The change will not change other RF characteristics.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Name: Saqib Ghouri

Date: 2021/8/20

Title: Director, Product Management
