

Bluetooth earbuds

Product Specifications

- . CT15211
- . Up to 90 minutes of playback time
- . Input: DC 5V/100mA
- . Charging time: Approx 1-2 hours
- . Speaker power: 3mW
- . Frequency response: 20Hz-20KHz
- . Lithium battery capacity: 55mAh
- . RF range: <30 ft. of wireless range
- . Bluetooth V2.1+EDR

Charging the Headset:

Recommend to charge the built-in battery fully before using the headset for the first time.

1. Connect the headset with PC/Laptop/Mac or any 5V USB adapter (not included) with the USB cable provided.
2. Red LED turns ON during charging, turns OFF after fully charged.
3. Unplug USB cable after fully charged, it takes about 1H to fully charge the headset.

Power On/OFF :

1. Hold the button "Play/Pause" for about 3 seconds until the red and blue light is flashing.
2. Hold the button "Play/Pause" for 3 seconds to turn off, the light indicator then goes off.

Pairing :

1. Press the button "Play/Pause" for about 4 seconds until the red and blue lights start flashing alternately.
2. Turn on the Bluetooth function of your smartphone.
3. Search for the Bluetooth devices and select "CT15211".
4. The Bluetooth headset will pair automatically.
5. If pairing is successful, blue light indicator starts flashing.

Remark: You need to pair the Bluetooth headset to your smartphone for the first time. The headset will connect to your smartphone automatically the next time when you turn it on.

Keep out of reach of children.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party.

Responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
